

Bhavan's Quiz Club: Brain Brewing 7.0

Date: 25th August 2026

Time: 2:30pm

Venue: 208 Seminar Hall, MBA Block

No. of Participants: 37

Report – Brain Brewing 7.0

The Quiz Club of Bhavan's Vivekananda College organized a general knowledge quiz competition exclusively for first years, '**Brain Brewing 7.0**', on 25th August, 2026 at 2:30pm in the MBA Block Seminar Hall, Room No. 208.

The competition was structured into three major rounds, each designed to test various skills of the participants. The first round, titled '**Mind Your Words**', was based on a crossword where participants would fill the crossword with answers to general knowledge questions asked, followed by identifying common relations between the answers. Participants were given 20 crossword questions along with 5 questions to identify the connections between the words. The time limit for this round was 7 minutes.

Divided into two segments, the second round, '**Brewing Through the Scenes**', gave participants a chance to interact and engage with a variety of audio and visual questions. For the first segment, each team was individually asked to identify what was presented on screen, including brands by their logos, taglines, ads or tunes; famous personalities by their image or voice and more. The second segment was a pounce round, encouraging participants to take risks and actively engage with questions that were posed to everyone and not directly to individual teams.

6 teams qualified for the final round, '**What Lies Beneath**', which tested their multi-tasking and decision-making abilities. Teams had a quick auction to select a category from the following: Art and Culture, History, Geography and Wildlife, Global Cuisine, Mythology and Science and Technology. Teams were asked general knowledge rapid-fire questions, answering which they could unlock pieces of an image, relating to their chosen category, to try and identify what "lied beneath" the squares. The greater the number of images they could identify within the given time of 4 minutes, the more points they could score.

Winners of the event:

1st Place: Team 4: Md. Faheem Khan of BCA 1A and K. Ashish of BCA 1B

2nd Place: Team 21: Sahil Behara and Aripirala Pranav of BCom 1F

3rd Place: Team 3: Ayush Yadav and N. Adithya of BCom 1F

The event concluded successfully with enthusiastic participation, showcasing both knowledge and quick-thinking skills of the students.
