## **Vision**

The vision of BVC is “Youth empowerment with Culture, Knowledge and Strength of Body and Mind”.

The College aims to fulfill this vision by orienting its academic and allied activities to bring all round development of a student by maximizing his/her intelligence/emotional/social/physical/spiritual quotient; and help in personality development, character building and career formation.

On the knowledge front, the college offers undergraduate programmes in Faculties of Science, Commerce, Humanities, Management and Informatics and postgraduate programmes in the Faculties of Science, Commerce and Management; and includes courses that have relevance to local, national and international needs. The student has a wide choice of subjects, and teaching is a blend of the conventional ‘chalk and duster’ method and technology driven online method. The courses include core, applied, elective, skill enhancement, generic topics, in addition to those of social, gender and environmental concerns. The expected outcome is a T-shaped individual with depth in domain knowledge and breadth in inter-disciplinary areas. Student support facilities are many, and mentoring continues throughout their stay in the college. The College has bagged 28 university ranks/gold medals in 21 years.

On the cultural front, students are exposed to the concepts of moral and value-based education. For this purpose, lectures by eminent persons/gurus are arranged in association with Ramakrishna Math, intensely in the first two weeks of a student's entry and occasionally throughout their college life.

The basics of culture, Indian heritage, human values, social responsibility and the importance of value-based education are imparted to the students and faculty. These values are propagated through the activities of NCC, NSS, Scouts & Guides, Young India, and Youth Red Cross units in the college. Strength of body and mind among the students is achieved by training in Sports and Games, both indoor and outdoor. The College has an enviable record on this front - 14 times inter-collegiate champions since 2003, and has won medals in 42 National and 5 International events in the last 5 years.

The college has thus succeeded in upholding its vision.

## **Mission**

Bhavan's Vivekananda College (BVC) seeks to provide quality higher education to its students in both general education and discipline-specific courses. BVC will continue to provide its graduates with a solid academic foundation for further educational opportunities, and the knowledge and skills for career opportunities upon graduating. BVC seeks to integrate into the students' programme of study, the development of skills including critical thinking, problem-solving, written and oral communication and laboratory research techniques. BVC seeks to learn, to adapt and to lead in the creation of a pool of committed and competent individuals dedicated to the process of nation building. In pursuance of the above mission / objectives, the college has implemented several initiatives, and the 10 most significant of them are:

1. Offering diversified and job-oriented UG / PG / PhD programmes, and adoption of Choice Based Credit System (CBCS) with outcome-based syllabi
2. ICT supported pedagogical methods, and Project work as part of the curriculum
3. Collaboration with Industry, National Institutes / Laboratories, National Stock Exchange, Institute of Genetics etc. for promotion of training
4. Student Internships in reputed organizations, and in Amazon's 'Work from University (WFU)'
5. Certified courses for skill enhancement and value addition
6. Entrepreneurship Development Cell (EDC); organizing several support activities in association with MSME, NIESBUD, MHRD, T-HUB and Osmania University
7. Organizing Faculty Development Programmes, National and International Seminars, Workshops etc, for the benefit of the faculty
8. Set up of Institution Innovation Council (IIC) which is an initiative of MHRD
9. 'Learning beyond the Classroom' through departmental and scholastic clubs
10. Supportive environment for students and faculty to conduct research

These and several other initiatives have helped the college to realize its mission as evidenced by the grant of Rs.1.23 crores by DBT-MHRD for promoting Science education under 'Star College Scheme'; students' progression to higher education in reputed institutes / universities in India and abroad; jobs in various public and private industries; and high degree of campus place

### **Institutional Distinctiveness**

#### **Student empowerment programmes**

The teaching-learning environment of the college resonates its vision and mission. The college strives to empower its students. It makes them strong and confident individuals who are not merely passive recipients but contribute actively to the teaching-learning environment.

The students learn and help their peer learn, participate and organise, practice and implement, work independently and collaborate, think and innovate. They do not merely gain knowledge but acquire communication skills, soft skills, entrepreneurship skills and most importantly life skills.

Students are encouraged to take part in various activities conducted by the college and also those organised by other colleges/organisations. The pedagogy and the programmes/activities instil a achiever's attitude and transform students into motivated, focused, goal-oriented, skillful, responsible and empowered individuals with the potential to dream, pursue and accomplish. Self-awareness, environmental consciousness, social consciousness and gender sensitivity are instilled through various programmes and activities.

The following are the student empowerment activities/programmes:

- Activities enhancing Language, Communication Skills, Soft Skills and Value Orientation
- Activities promoting entrepreneurship and innovation
- Activities promoting environmental consciousness
- Activities promoting patriotic fervor
- Activities promoting social consciousness
- Knowledge Enhancement Programmes
- Celebration of commemorative days
- Extracurricular and co-curricular activities
- Student feedback
- Student representation
- Student-empowered learning

## **Best Practice**

### **Fostering health and well-being**

1. Title of the Practice Fostering health and well-being

#### **2. Objectives of the Practice**

- To foster health and well-being
- To create a healthy teaching-learning environment

#### **3. The Context**

Health awareness/promotion programmes enable the institution to establish an environment where health and well-being are recognized as critical components of the individuals' ability to learn, work and contribute to pedagogy.

#### **4. The Practice**

The college believes in the adage 'A healthy mind in a healthy body.' During the pandemic, the college conducted health awareness programmes, sanitisation programmes, thermal scanning, vaccination drives and health/blood donation camps to foster health and well-being among its staff and students, and the community.

#### **5. Evidence of Success**

- 138 units of blood was donated to Thalassemia affected children.
- 8 Health awareness days, 1 Blood Donation Camp, 2 health camps, 1 guest lecture and 2 rallies were conducted.
- Sanitizing solution- 270 litres (hand sanitizer), 1440 litres (for disinfecting common areas) was prepared in the college during COVID-19.
- 223 COVID-19 vaccines were administered.

#### **6. Problems Encountered and Resources Required**

- Sanitization programme involved meticulous planning and effort.
- Intersectoral collaboration and coordination - challenge for organizing health camps
- Financial aid needed for Class-IV employees to avail health checkup

### **Best Practice II**

### **Faculty Development Programmes (for quality assurance)**

## **1. Title of the Practice**

Faculty Development Programmes (for quality assurance)

## **2. Objectives of the Practice**

- To equip the faculty with modern methods of teaching and assessment
- To promote research and development

## **7. The Context**

FDPs are one of the quality management practices that enable sharing of information within/among institutions on quality issues and promote generation of ideas for reinforced curricular practices and evaluation system.

## **3. The Practice**

Sustenance and enhancement of quality is a prerequisite for a higher educational institution. Despite the pandemic, the college continued to encourage professional development of the faculty. 11 FDPs were conducted (from June 2021 to August 2022) by various departments of the college to enable faculty members upgrade and upskill.

## **4. Evidence of Success**

- Pedagogical implications of upgradation and upskilling:
- 37 lesson plans and case studies were prepared by the faculty; many of which received A grades.
- 10 viable and executable pedagogy models were created collaboratively by the faculty members.

## **5. Problems Encountered and Resources Required**

- Large number of registrations but low participation
- Difficulty in providing hands-on experience, in a few cases
