ANNUAL REPORT

2023-24

Vision

The vision of BVC is “Youth empowerment with Culture, Knowledge and Strength of Body and Mind”. The College aims to fulfill this vision by orienting its academic and allied activities to bring all round development of a student by maximizing his/her intelligence/emotional/social/physical/spiritual quotient; and help in personality development, character building and career formation. On the knowledge front, the college offers undergraduate programmes in Faculties of Science, Commerce, Humanities, Management and Informatics and postgraduate programmes in the Faculties of Science, Commerce and Management; and includes courses that have relevance to local, national and international needs. The student has a wide choice of subjects, and teaching is a blend of the conventional ‘chalk and duster’ method and technology driven online method. The courses include core, applied, elective, skill enhancement, generic topics, in addition to those of social, gender and environmental concerns. The expected outcome is a T-shaped individual with depth in domain knowledge and breadth in interdisciplinary areas. Student support facilities are many, and mentoring continues throughout their stay in the college.

On the cultural front, students are exposed to the concepts of moral and value-based education. For this purpose, lectures by eminent persons/gurus are arranged in association with Ramakrishna Math, intensely in the first two weeks of a student's entry and occasionally throughout their college life. The basics of culture, Indian heritage, human values, social responsibility and the importance of valuebased education are imparted to the students and faculty. These values are propagated through the activities of NCC, NSS, Scouts & Guides, Young India, and Youth Red Cross units in the college. Strength of body and mind among the students is achieved by training in Sports and Games, both indoor and outdoor. The college has thus succeeded in upholding its vision.

Mission

Bhavan’s Vivekananda College (BVC) seeks to provide quality higher education to its students in both general education and discipline-specific courses. BVC will continue to provide its graduates with a solid academic foundation for further educational opportunities, and the knowledge and skills for career opportunities upon graduating. BVC seeks to integrate into the students’ programme of study, the development of skills including critical thinking, problem-solving, written and oral communication and laboratory research techniques. BVC seeks to learn, to adapt and to lead in the creation of a pool of committed and competent individuals dedicated to the process of nation building.

In pursuance of the above mission / objectives, the college has implemented several initiatives, and the 10 most significant of them are:

- 1. Offering diversified and job-oriented UG / PG / PhD programmes, and adoption of Choice Based Credit System (CBCS) with outcome-based syllabi*
- 2. ICT supported pedagogical methods, and Project work as part of the curriculum*

3. *Collaboration with Industry, National Institutes / Laboratories, National Stock Exchange, Institute of Genetics etc. for promotion of training*
4. *Student Internships in reputed organizations, and in Amazon's 'Work from University (WFU)'*
5. *Certified courses for skill enhancement and value addition*
6. *Entrepreneurship Development Cell (EDC); organizing several support activities in association with MSME, NIESBUD, MHRD, T-HUB and Osmania University*
7. *Organizing Faculty Development Programmes, National and International Seminars, Workshops etc, for the benefit of the faculty*
8. *Set up of Institution Innovation Council (IIC) which is an initiative of MHRD*
9. *'Learning beyond the Classroom' through departmental and scholastic clubs*
10. *Supportive environment for students and faculty to conduct research.*

These and several other initiatives have helped the college to realize its mission as evidenced by the grant of Rs.1.23 crores by DBT-MHRD for promoting Science education under 'Star College Scheme'; students' progression to higher education in reputed institutes/universities in India and abroad; jobs in various public and private industries; and high degree of campus place
