She extensively spoke on the topic stress management - the sources and symptoms of stress, the various biological and physiological connotations associated with it , and the various methods by which the brain can be rewired by the strengthening of mind.

She also spoke about the various positive tools that can help people to overcome the ANT (Automatic Negative Thoughts) to de-stress oneself. She beautifully explained the concept of “Mindfulness” that can play a major role to understand ourselves better and to lead a holistic life. The solutions for stress according to Dr Usha could be many , but the ultimate liberation from stress ,as expounded by Adi Shankaracharya ,can be achieved only through Gyana (knowledge) and Bhakti ( spirituality) .

**Day 3: (8-6-2021) No. of Sessions: 4 (FN- 2; AN- 2)**

**Session 1 Time: 9:30 a.m. – 11:15 a.m.**

**Resource Person: Prof. Y. Narasimhulu, Director, UGC – Human Resource Development Center, University of Hyderabad.**

**Topic: Digital Initiatives - Need for Online Education**

The 3-day workshop commenced with an invocation followed by the welcome note given by Dr. Y. Aparna, Asst. Professor, Department of Microbiology. Principal, Prof. Y. Ashok, in his address, expressed his thankfulness to the resource persons for the first two days, for their motivation to forge ahead. He expressed his optimism that the 3-day workshop would be a launch pad for the Bhavanites to rise to the technological challenges posed by Covid-19 pandemic to the teaching fraternity. He urged the faculty members to foster their competencies and leverage technology to cater to the rapidly changing profiles of the 21<sup>st</sup> century learners and learning environment.

A brief profile of Prof. Y. Narasimhulu was presented by Dr. Y. Aparna. The session commenced with an assurance of transformation of the participants.

Prof. Y. Narasimhulu expounded the Digital Initiatives and the Need for Online Education. He prophesied that technology will only grow, never diminish and that the digital education will bring about a big social change in the learning system. He elucidated how technical efficacy has become indispensable for teachers, specifically in the context of Covid-19 and affirmed that teachers cannot intentionally remain ignorant.

He stated that according to the new instructional methodology, teaching should be replaced by learning. The students must be made to learn how to learn, how to relearn and how to unlearn, learn to know, learn to do, learn to achieve and learn to live together. He quoted Alvin Toffler – “The illiterate of the 21<sup>st</sup> century will not be those who cannot read and write, but those who cannot learn, unlearn and relearn”.

He also emphasized on making the classroom a centre of creativity and the need for teachers to provoke, instigate and motivate the students. He focused on the concepts of collaborative learning, interactive learning and independent learning that will foster innovation and creativity among the students. He discussed how the traditional chalk and talk method has to give way for Blended Learning wherein video lectures are supplemented. The teacher must not only facilitate the learning process, but also must be a blend of skilling and counseling. A teacher must conduct himself/herself as a role model in all respects including following ethics and values of this great country.

#### ❖ Digital initiatives by Government of India

- ) NMEICT
- ) NPTEL

**Computer Aided Techniques in Chemistry**

Organized by Dept of Chemistry, Bhavan's Vivekananda College, Sainikpuri  
Under DBT STAR College scheme

Dept of Chemistry, BVC under DBT Star College scheme, organized an Outreach Programme for Degree College Lecturers on "Computer Aided Techniques in Chemistry" on 10<sup>th</sup> February 2020.

The inaugural session witnessed the address by Air Cmde (Retd) JLN Sastry, VSM, Vice Chairman, BVB, Sainikpuri Kendra, Prof Y Ashok, Principal, BVC, Ms B Niraimathi, Vice Principal, BVC, Dr K Anuradha, Star DBT coordinator & Head, Dept of Microbiology, BVC and Dr Madhumita Bhattacharjee, Head, Dept of Chemistry, BVC.

19 participants from various Government Degree Colleges of Telangana participated in the outreach programme. Dr L Aruna Priya, Lecturer, Dept of Chemistry, BVC and Mr. N Venkatesh, Research Scholar, OU were the resource persons for the programme. Theoretical as well as practical knowledge of drawing chemical bonds, organic & inorganic molecules, conformational isomers, reaction mechanism were imparted by introducing the chemistry based softwares like chem draw, chem office.

The programme was indeed very informative & useful for the participants.

Report on

Workshop on **Multisim software** conducted on 06/12/2019.

The Faculty of the Department of Physics & Electronics attended the workshop in the Electronics Lab. The resource person was Mr. Karthik from 'M/s Techfluent Solutions Pvt. Ltd.' who is the authorized partner for the distribution/sale of the NI Multisim software. He demonstrated the design of simulations for the construction of circuits like filters, amplifiers and oscillators using discrete components and OpAmps. Digital circuit simulations using various IC's were also being demonstrated by Mr. Karthik, he introduced the faculty to the 'Ultiboard Interface' for PCB layout design. He has also shown the simulation of some real time examples such as trajectory tracing of a ball using Multisim. Some of the final year students who were interested in the software simulations also participated.

Nature of beneficiaries: staff of Dept. of Physics and Electronics

Number of beneficiaries: staff - 8 No.s, students - 5 no.s: V.Sreeja, M.Prem Sai,  
G. Venkatesh,, Farooq Shaik, GSNV Sireesha.

## About the College

Lavanya's Vivekananda college of Science, Humanities and Commerce, Sainikpuri was founded in the year 1993. The college has successfully completed 26 years of academic excellence and contributed towards the holistic development of students. During its scholastic journey, the institution has been accredited with "A" grade by AAC and also been conferred autonomous status in the year 2015-16. BVC has grown from strength to strength and now boasts of 3500 students with 100 staff members (teaching and non-teaching). Its recent achievements are many but the most significant one is being ranked among the top 200 colleges for higher education by NIRF. The vision of "youth empowerment with culture, knowledge and strength of body and mind" is clearly visible through the extra-curricular activities undertaken by the students.

## About the Department :

The Department of Commerce established in the academic year 1993-94 with one section of B.Com (regular) course with 43 students. In a span of 26 years, the department expanded into two sections of B.Com, two sections of B.Com (Comp), two sections of B.Com (Hons.) and a course of B.Com (Hons.) Business Analytics with a total strength of 215 students. The department offers four UG courses and one PG course. M.Com course was introduced in the year 2014 and strengthened over a period of 5 years by providing quality education and encouraging students to take part in conferences, workshops and competitive examinations.

**REPORT OF A FOUR DAY WORKSHOP ON IND AS**

**Held from 13-Nov-2019 to 16-Nov-2019**

The Department of Commerce of Bhavan's Vivekananda College of Science, Humanities and Commerce organised a four-day workshop on "Indian Accounting Standards (Ind AS)" from 13<sup>th</sup> November 2019 to 16<sup>th</sup> November 2019 in association with the Institute of Cost Accountants of India. The workshop was inaugurated by Vice-Chairman Air cmde. (Retd.) J. L. N. Sastry as the patron, CMA Lavanya, chairperson, ICAI Hyderabad chapter as the guest of honour, Prof. (Retd.) K. V. Achalapathi as the chief guest, Principal Prof. Y. Ashok as the workshop chairman, and Dr. K. Sreelatha Reddy as the workshop convener.

Prof. Y. Ashok gave the welcome address at the inaugural ceremony. He appreciated the Department of Commerce for taking the initiative in organising workshops for various emerging issues. He also addressed the students stressing upon the importance of upgrading their knowledge in line with the changing global compliance frameworks.

Air cmde. (Retd.) J. L. N. Sastry highlighted the significance of staying true to our values while upgrading our knowledge in line with global standards.

Dr. K. Sreelatha Reddy, Head, Department of the Commerce spoke about the changing compliance scenario and the increased role of skilled professionals because of the impact of IFRS and GAAP on companies across the world

The Coordinator, Dr. D. Sanjeeva Rao has given the details of the technical sessions and the objectives of the workshop

CMA Lavanya, the chairperson for ICAI Hyderabad Chapter explained the profession and scope of Cost Accountants and how IFRS has the potential to streamline the world's compliance under one uniform code

The chief guest, Prof. K. V. Achalapathi's keynote address focussed on the practical application and relevance of Ind AS for global stakeholders and the importance of M. Com students in spearheading this change.

### **Day 1**

#### **Technical Session 1 by Prof. K. V. Achalapathi: Introduction to Accounting Standards**

The session set the stage for specific applications of various Ind AS. He commenced the session with the meaning, objectives and need for standards. He also explained the evolution

of standards in line with the changing reporting climate, and the bodies that have been incorporated to uphold the practices prescribed by the standards. While discussing the various types of standards, he mentioned how it is difficult to streamline practices to set reporting under a uniform code as a standard. He then explained the importance of bodies such as IASB, IASC, IFRS Foundation, FASB etc in upholding the relevance of standards. His session continued with a note on IFRS and FASB and their need while examining their structure and how they offer interpretations. The standard setting climate in India and the role of IASB was an important part of the session. He aligned the steps involved in issuing standards with the difference between IFRS and Indian GAAP, and why integrating IFRS and Ind AS is required for a uniform global compliance framework.

### **Technical Session 2 by Dr. G. Naresh Reddy: Ind AS 1 to 11**

The session elaborated cash flow, and the ways to divide activities into the prescribed three categories. He explored reporting requirements under each of those categories with specific focus on aspects like interest, dividend, tax, forex transactions and other non-cash transactions with examples. Under inventory, he analysed the applicability, scope and need for the standard. This was in respect to cost, valuation, exclusions and inclusions and the formulas that should be used. Estimation of net realisable value was an important contribution in this session along with the recognition and the disclosure requirements. Under changes in policies and reporting of events, the various definitions and the disclosures required were discussed. Under Income tax, he went into levy, liability, current and deferred tax. PPE was a study on carrying costs and depreciation rates. The session equipped the students with the knowledge for using the relevant Ind AS in the right situation.

### **Day 2**

#### **Technical Session 1 by CA Kavita: Ind AS 12, 16 and 17 and a Q&A session**

She started with the intricacies of the three standards. The session included a brief description of the concepts of leasing, and lease accounting. She reviewed the requirements of lease accounting under Ind AS 16 – the various assets covered under lease, implications under lessor and lessee books. She also scrutinised the interpretation of the books of account to understand the maturity analysis, and sale and lease back transactions. Then she discussed Ind AS 12 where she talked about the items allowed and its computation under the standard in relation to levying, recognising and adjusting tax liability. The concepts of depreciation, impairment, disclosures and reporting were highlighted with a note that assets would only be excepted if some other standard permits using a different method of accounting. She tackled the latest amendments under the standard and how they impact disclosures and reporting.

#### **Technical Session 2 by CMA Lavanya: Ind AS 19 to 21**

The session started off with a brief explanation of P&L account, and the importance of knowing company acts and rules and how to read financial statements. Under employee benefits, she explained the types of benefits and how to choose the right fund. Talking about the calculations for retirement and actuarial valuations, she shed light on when to consider actuarial, and how to account for when we assume an employee will retire. She discussed the concept of “promise now, pay later.” Calculating present value of benefits, and recognising

the fair value is an important component when considering the amount in financial statements. She also talked about forex transactions and how to recognise a uniform currency for reporting. She explained the changes in the standard and how they impact accounting requirements. She spoke about the importance of IFRS as well, and how it serves as a common language across the world.

### **Day 3**

#### **Technical Session 1 by CMA Sravan Nemani: Ind AS 23 to 29**

He elucidated the purpose of the standards in streamlining compliance. He explained the application of the accounting standards with an emphasis on the need for Ind AS. Under Ind AS 23, he studied the meaning of substantial period and the determination of long-term and short-term borrowings. In a session filled with humour that was becoming characteristic of him, he examined accounting of interest, trial runs, qualifying assets and accounting for all subsequent expenses as well as the technicalities of capitalisation, related party disclosures, and who constitutes related parties along with the objectives of the standard and who can't be a related party. Under Ind AS 27, reporting for associate, subsidiary or any other ventures was analysed. He mentioned that such accounting should still follow the 3 basic concepts of accounting. He linked recognising carrying costs and other accounting with related standards like 105, 113, 28 etc. Ind AS 28 focussed on investment in associate ventures, and the intentions behind setting those standards. He spoke about equity method and offered clarifications regarding holding along with its exception. Ind AS 29 discussed financial reporting in hyperinflation economies and restatement of non-monetary items and P&L items using GPI index.

#### **Technical Session 2 by CA Sudhakar: Ind AS 110 to 115**

He detailed the requirements under consolidated financial statements and the disclosures required under that: Joint arrangements, investments in associate enterprises, business venture combinations, preparation of separate financial statements and disclosure of interests in other entities. This session first helped students understand terms like parent and subsidiary companies, associate and joint ventures, business entities and substantial control. This aspect of joint entities, and the reporting requirements of such entities was also covered under Ind AS 111. With the foundations laid with respect to the terms required, it was easy for the participants to understand what the standard intended. These foundations were also useful when analysing reporting under associate entities, measuring fair value, regulatory deferral accounts and revenue from contracts with customers. Focus was placed on investor-investee relationships under joint ventures and associate entities. Under revenue from contracts, he emphasised that the core principle of this Standard is that an entity shall recognise revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. This standard also mentioned the contracts for which this standard would not apply. Apart from that, anecdotes about businessmen who did not education to become successful were talked about. PPP model was also introduced.

## Day 4

### **Technical Session 1 by CA Sekkizhar Balasubramanian: Ind AS 32 to 41**

His session was an extensive one, covering standards from 32 to 41. An overview of each of those standards was given to provide an understanding of them. Under the presentations of financial instruments, the types of instruments, and the presentation of each of them in the financial statements. EPS was an informative session because case studies, examples, computations, and disclosures had to be analysed to present an objective picture in the financial statements. The other important thing under consideration there was to present statements in the interim. When discussing this, the reasons for doing so, when such statements are required, and how to present them were touched upon. Impairment of assets was a particularly technical session, starting with the meaning of impairment. Accounting for that, calculation of such impairment, and identifying the carrying costs of such recovered assets were some of the highlighted topics. As for recognising provisions, identification of present and past obligations, outflow of resources embodying economic benefits, reliable estimates of the obligations, any contingent liabilities, restructuring provisions were also touched upon. Discussion of intangible assets was crisp in terms of the discussion and reporting requirements for amortisation and carrying cost. Hedge accounting was also crisp regarding when, how and why to hedge. The objective of investment property Standard is to prescribe the accounting treatment for investment property and related disclosure requirements. Ind AS 41 has introduced the concept of biological assets in India, which had no specific accounting literature for its recognition and measurement under the previous GAAP.

### **Technical Session 2 by CMA CA Zitendra Rao: Ind AS 101 to 109 and Q&A**

The session started with explanation for these topics: First-time Adoption of Indian Accounting Standards, Share-based Payments, Business Combinations, Insurance Contract, Non-Current asset held for sale or group disposal, Exploration for and Evaluation of Mineral Resources, Financial Instruments: Disclosures, Operating Segments, Financial Instruments. It was a technical and informative session with wide practical implications for knowledge in the corporate world.

A total of 60 participants including students and faculty from various colleges have attended the four-day workshop, and made it a grand success. The colleges include RBVRR Women's College, MNR Degree and PG college, Kasturba Gandhi Degree and PG College, St. Ann's College for Women (Mehdipatnam), S. D. Signodia College (Old City), University College for Women, Badruka College of Commerce and Arts, and Telangana university.

We thank the management, resource personnel, faculty members of various colleges, and lecturers of Bhavan's college for completing the four-day workshop on Indian Accounting Standards successfully.

**The Department of Languages organized a two-day Faculty Development Programme in collaboration with IQAC of BVC on the 3<sup>rd</sup> and 4<sup>th</sup> of June 2019.** Day One of the FDP was conducted at BVC and Day Two at R K Math, Hyderabad.

**Dr Santhosh Mahapatra, Assistant Professor, Department of Humanities & Social Sciences, BITS Pilani, Hyderabad** took the first session and spoke on the “**Effective Teaching Methodologies using ICT**”. He dealt extensively on the ICT tools which can enhance the effectiveness of classroom teaching. He focused on the different ways to integrate ICT in classrooms and the popular platforms such as Prezi, Mentimeter, Polleverywhere, Clickers and Kahoot, Google forms, SurveyMonkey, Padlet, Spiderscribe, Mindly, Google classroom and moodle as open source platforms.

The speaker of the second session was **Mr M Pardhasaradhi, Professor from Siva Sivani Institute of Management, Secunderabad**. He addressed on the **various strategies to improve cognitive skills**, the first being to make students think out of the box and he focused on the 16 Personality Test, which helps to understand the personality of a student and aids the process of mentoring.

The third session started with a very informative talk by **Dr A. S. Chakravarthy, Librarian Osmania University**. Starting with a comprehensive overview of e-resources and search strategies, the speaker drew attention to **Copyright issues and Plagiarism**. He enlisted the various Digital repositories and free websites to access journals and books and also gave some easy and simple search tricks.

The fourth was yet another animated session. **Scientist Dr Subba Rao spoke on nutrition**, health and well-being. Highlighting the food scenario in rural and urban India, he stressed the importance of balanced diet and the need to develop the habit of eating judiciously.

## **DAY 2**

Day two of the FDP was held in the R K Math premises. The first session of the day began with **Swami Bodhamayanandaji's introductory speech** and video of Swami Vivekananda's prayer at Chicago. **Swami Vedatitanandaji** then commenced his talk with a prayer. He opined that higher education in India lacks direction and focus and elaborated the role of a teacher. He concluded explaining the triangle of authenticity, inner grid and sensitivity through which highest levels of consciousness can be achieved.

During the second session, **Dr. Sumita Roy** gave a very inspiring talk on **Humanistic Science and Holistic Health** by underlining the importance of mental, physical, spiritual and social well-being of a person and emphasized on the cardinal values – truth and honesty – as being different from ethics. Self –awareness and self-assessment were the other aspects that Dr Sumita Roy particularized.

In the last session, **Dr Shirish Limaye** gave a scintillating talk on '**Education for Human Excellence**'. He enumerated 12 tips for classroom management. The intricate talk included the four thoughts of Swami Vivekananda on Education, Knowledge, Leadership and the types of Intelligences. The session ended with the administration of the 10 point oath of Dr. APJ Kalam.

At the end of the programme many of the faculty members spoke about the enriching experience at the FDP.
