Education: "We want that education by which character is formed, strength of mind is increased, the intellect is expanded, and by which one can stand on one's own feet."

Thoughts: Fill the mind with highest thoughts, highest Ideals, place them day & night before you & out of that will come great work.

Power: The greatest sin is to think yourself weak. All Power is within you, you can do anything & everything.

Women Power: It is only in the homes of educated and pious mothers that great men are born. There is no chance for the welfare of the world unless the condition of the women is improved. It is not possible for a bird to fly on only one wing.

Character: Neither money pays, nor name, nor fame, nor learning; It is CHARACTER that can cleave through adamant walls of difficulties. The World is in need of those whose life is one burning Love, Selfless.

Fearlessness: The Earth is enjoyed by heroes - this is the unfailing truth. Be a hero. Always say, 'I have no fear'. Tell this to everybody - 'Have no fear'.

Our India: If there is a land where humanity has attained its highest towards gentleness, towards generosity, towards purity, towards calmness, above all, the land of introspection and of spirituality - it is India.

Our Duty: Let us all work hard, my brethren; this is no time for sleep. On our work depends the coming of the India of the future. Mother India is waiting for us..
