All the students were divided into four groups and each group was assigned plogging to various parts of the college namely Canteen, parking lots, College entrances and washrooms. The students were instructed to bring gunny bags to collect the plastic wastes. They were anxiously engaged in cleaning the campus and the team spirit they carried is definitely to be appreciated.

After completing plogging, they approached the student volunteer assigned to weigh the collected plastic and ended up collecting 69kgs after which, all were instructed to deposit the bags with plastic in the area which will be cleared by the municipality. The students dispersed with a sense of satisfaction that they contributed their time and effort for the cleanliness of the College Campus.
