Education: "We want that education by which character is formed, strength of mind is increased, the intellect is expanded, and by which one can stand on one's own feet."

Thoughts: Fill the mind with highest thoughts, highest Ideals, place them day & night before you & out of that will come great work.

Power: The greatest sin is to think yourself weak. All Power is within you, you can do anything & everything.

Women Power: It is only in the homes of educated and pious mothers that great men are born. There is no chance for the welfare of the world unless the condition of the women is improved. It is not possible for a bird to fly on only one wing.

Character: Neither money pays, nor name, nor fame, nor learning; It is CHARACTER that can cleave through adamant walls of difficulties. The World is in need of those whose life is one burning Love, Selfless.

Fearlessness: The Earth is enjoyed by heroes - this is the unfailing truth. Be a hero. Always say, 'I have no fear'. Tell this to everybody - 'Have no fear'.

Our India: If there is a land where humanity has attained its highest towards gentleness, towards generosity, towards purity, towards calmness, above all, the land of introspection and of spirituality - it is India.

Our Duty: Let us all work hard, my brethren; this is no time for sleep. On our work depends the coming of the India of the future. Mother India is waiting for us..

As per the recent removal of Article-370 and 35A, a debate competition was conducted by Centre for Excellence to know about the views of students regarding the hot topic.

**“Reorganization is the best way to create illusion of progress by creating
Demoralization of sensitive ones.”**

J Sparsh Dave

Around 20 students participated in this competition. Some of the opinions put across during the debate were as follows.

Delimitation of fixed limits of territorial constituencies like Jammu, Kashmir, Ladakh can lead to overall progress of these territories as many of the rights like reservation rights for minority segments of the society.

J & K has its own constitution and administrative autonomy which deprives the locals from many of the rights related to Indian constitution.

Whereas some people have opinion that reorganization of Jammu and Kashmir rattles to revoke special status for people of the state.This is against the democracy. The Higher authorities of the state should be addressed regarding the concern and their views regarding reorganization should be taken into consideration.

The participants came up with different aspects of the situation for the betterment of the nation which gave a scope for broader retrospective of the situation.

Bhavan's College panel discusses Union Budget

Neredmet: A panel discussion on Union budget was held on February 7 by the faculty of BA in Bhavan's Vivekananda College. The panellists for the discussion were Prof Krishna Reddy, Ramendra Lal and Nitin Kumar Saraf. The discussion included uniqueness of current interim budget, importance of budget and tax and having a wider perspective of the government schemes and initiatives.

The panellists were very well able to answer all the shooting questions from the students. Prof Krishna Reddy said that in the previous budget unorganized sector was neglected whereas in this

year's interim budget the budget stands out by providing something to the people who belong to unorganized sector.

"Budget is the future plan, not the exact account of expenditure" says Ramendra Lal. He also enlightened the students on the subjects that would affect them in the near future. Nitin Saraf showed his perspective on what happens when the person does not pay his/her tax, purchasing power increases as a result of increase in his/her income, which in turn increases his/her investment in indirect tax. The discussion was insightful and informative for the students.

Report on Swachh Bharath Abhyan at MGBS BUS STOP

Date – 2nd October, 2018

On the special occasion of **Gandhi Jayanthi**, [The birth date of Gandhiji] Osmania University conducted a Swachh Bharath Abhiyan on the 2nd October morning at Mahatma Gandhi bus stop Hyderabad.

The event was completely based on spreading awareness about having cleaner India and also cleaning different areas in and around the bus stop. Around 50 different colleges all over the city participated. **30 students** from our college NSS Team Bhavans started off early in the morning and reached the place around 9 am

We Bhavanites along with our NSS programming officer Mr P. Srinivas first registered ourselves and we were assigned to perform a rally about 1.5 km and returned and started cleaning the area immediately. We collected all the thrown plastic and non –biodegradable wastes into one bag and all the biodegradable wastes like paper, tickets into another bag.

There were many senior officers and OU lecturers who appreciated us on giving our best. The event came to an end at 12 pm and we all set back to our homes.

The main motto for the event to be conducted was to have a cleaner and greener country as Mahatma Gandhi rightly said “Sanitation is more important than Independence”.

Hemoglobin status of girl students among various age groups in college

The Health camp organized on 30th and 31st of August by the Health Committee of BVC and Department of Biochemistry received a very good response from staff and students indicating health awareness among them. Apart from the teaching and non-teaching staff 108 students have got their thyroid and hemoglobin checked.

Interpretation of the data for hemoglobin among the girl students of the college revealed that,

- 71% of students who were tested were found to be non-anemic.
- 8 % of students are with mild anemia while 19% are moderately anemic.
- 2% of students are with severe anemia.

A diet plan should be followed by those who are anemic. There should be a healthful balance of iron-rich foods, such as leafy vegetables, nuts, seeds, and fortified breakfast cereals.

If left untreated, iron-deficiency anemia can cause serious health problems since having a low oxygen in the body can damage organs.

Report on Blood Donation Camp

The NSS and NCC unit of the college jointly organized a Blood Donation Camp in the college on Thursday, **27th September 2018**. The volunteers had come at around 8 am and organized the set up for the camp. It began around 10 am and continued up to 3:30 pm with a steady stream of donors throughout.

The Vivek Bharathi stage became a platform for the donors. They were checkups going on and the potential and eligible people donated blood. There were enough places where the donors could lie down, set and recuperate for a while before they leave the venue. They were provided refreshments (glucose water, banana etc.) the NSS volunteers helped the donors with the refreshments and helped the ones who were feeling sick/ill.

They were 276(246donors+30 NSS volunteers)members participating in the camp with zeal and enthusiasm of serving the people. About 5 of the NSS volunteers and 15 NCC cadets donated blood.

With all the efforts we could collect whole 246 units of blood which were carefully sealed and transported away, while the NSS and NCC volunteers cleaned up the area. Throughout the day there were smiles and laughter all round a true embodiment of what we believe in – Selfless service with a smile. The donors received the certificate of recognition. Hence the aim – blood for the thalassemia diseased children of the camp was successfully achieved.

International Day against Drug Abuse and Illicit Trafficking-26th June 2016

The United Nations General Assembly in 1987 decided to observe 26 June as the International Day against Drug Abuse and Illicit Trafficking as an expression of its determination to strengthen action and cooperation to achieve the goal of an international society free of drug abuse.

The theme for 2017 is: "**Listen First** - Listening to children and youth is the first step to help them grow healthy and safe."

The United Nations Office on Drugs and Crime (UNODC) selects themes for the International Day and launches campaigns to raise awareness about the global drug problem. Health is the ongoing theme of the world drug campaign.

The South African government and its partners are implementing the National Drug Master Plan, 2013-2017, which is a collective effort towards a South Africa that is free of drug abuse. The drug master plan is a single document covering all national concerns regarding drug control; summarizing national policies authoritatively, and defining priorities and allocating responsibility for drug control efforts (United Nations Drug Control Programme). The National Drug Master Plan prioritizes strategies on demand reduction, supply reduction and harm reduction.

The Master Plan serves as the country's blueprint for preventing and reducing alcohol and substance abuse and its associated social and economic consequences on South African society, and builds on the foundation laid down by government's Programme of Action on alcohol and substance abuse.

The key outcomes of the five-year National Drug Master Plan are:

1. Reduction of the bio-socio-economic impact of substance abuse and related illnesses on the South African population
2. Ability of all people in South Africa to deal with problems related to substance abuse within communities

3. Recreational facilities and diversion programmes that prevent vulnerable populations from becoming substance dependents.
4. Reduced availability of substance dependence-forming drugs and alcoholic beverages.
5. Development and implementation of multi-disciplinary and multi-modal protocols and practices for integrated diagnosis and treatment of substance dependence and co-occurring disorders and for funding such diagnosis and treatment.

To bring awareness on this issue our college NSS unit conducted a rally in collaboration with NCC unit of our college and Department of Police, Neredmet X road. There were **200 volunteers (students) participated** in the rally. We conducted a rally from BVC to Sainikpuri to BVC. ALL the volunteers (200) were participated enthusiastically. Our college Director, Principal, faculty members and students took part in the rally.

Importance of Meditation by Brahma Kumaries

Meditation is the journey inwards, a journey of self-discovery or, in fact, re-discovery. Meditation is time taken for quiet reflection and silence, away from the hustle and bustle of daily living. Taking time out enables us to come back to a centred place of being. In our

modern world, the pace of life is growing ever faster and we are losing touch with our true inner peace and power. When we no longer feel grounded, we can experience ourselves pushed and pulled in many different directions. It is at this point that we start to experience stress and a feeling of being trapped. Gradually, over time, this feeling leads to illness and disease, as our mental, emotional and physical health is thrown out of balance. They explained this with the following steps.

Step 1- Relaxation

Step 2- Concentration

Step 3- Contemplation

Step 4- Realisation

Step 5- Meditation

We thank Mr B Das from Political Science Department for providing this awareness Program
