General Instructions For All First Year UG Students

2019-2020

24-6-2019

Bhavan's Vivekananda College welcomes all the first year UG students to the college. Students should abide by the following instructions.

- 1) The college starts at 9.30 am with the morning assembly. Students should be punctual to college everyday and assemble for the morning prayer/assembly near the Vivek Bharti stage in the campus.
- 2) Students can enter the college through the main gate, MBA gate or the school gate. Students coming by two wheelers / cars should park their vehicles in the parking lots marked for students.
- 3) Students should be dressed appropriately for college. Boys should be dressed in formal shirts/collared T shirts, trousers and shoes. Girls should be dressed modestly.
- 4) The college campus is a plastic –free zone. Students should not bring any plastic covers/ items and litter the campus. There are separate dust bins to discard biodegradable and non-degradable waste. Students are encouraged to be environment friendly and co-operate in maintaining the college premises neat and clean.
- 5) Avail the college sports facilities, library and laboratories optimally to enrich your experience in the college.
- 6) Students are advised to join the various student clubs based on their aptitude and participate in various competitions/events to develop their skills and talent.
- 7) Students should display good behaviour and discipline in the classrooms and in the campus.

Tree Plantation Programme

Six days orientation program for First year students all post graduate program of 2019-2021 batch, have taken part in a tree plantation program, arranged by the GreEnergy club of the College. Dr Jyothi Nayar, HoD, Dept of Genetics and Biotechnology coordinated this program. Faculty from PG departments of Biochemistry, Microbiology, Computer Science, MBA and M.Com along with new batch of students have taken part in this program very enthusiastically and planted good number of plants. This event created environmental concern amongst students and appreciated by everyone.

Report on HARITHA HARAM 10th July 2016

NSS unit participated in HARITHA HARAM at GHMC dumping yard at Jawahar Nagar on 10th July 2016. The guest for the program was Sri K T Ramarao, Minister, Govt. of Telangana and he was not able to participate because of his busy schedule but the students enthusiastically volunteered (20 students from BVC) to plant the trees and plants to imbibe the culture of social responsibility.

Butterflies on Campus- 2019-20

The class Insecta is divided into a number of lesser groups or orders such as Coleoptera, Hymenoptera, Diptera and Lepidoptera. In these orders, Lepidoptera includes butterflies and moths. Lepidoptera means 'scaly winged' in *Greek* whereas 'Lepidos' stands for 'scale' and 'pteron' stands for 'wing'. The life cycle of a butterfly is well known. Here, the larval stage is the longest and the adult stage is probably the shortest which is required for mating and egg-laying. Therefore, due to this complex life cycle there are certain times of the year, where there is high butterfly diversity in an area and at other times, it is comparatively low. All the butterflies recorded on the campus were at their adult stage.

Credit: <https://www.reimangardens.com/butterfly/what-are-the-different-life-stages-of-a-butterfly/>

An important part of butterfly life cycle is the host plant(s). Each species of butterflies is dependent on one or more plant species for their survival during the early larva and pupa stages. This is because the larvae feeds on the leaves of only these species of plant(s) and no other. Therefore, these plants are called as larval host plants. The eggs are laid by the female on the host plant or near the host plant. There might be a case where the same plant can be a host for

more than one species. Hence if the host plant(s) go extinct, then the species of butterfly dependent on the host plant(s) will also go extinct.

Butterflies are classified into two superfamilies,

- ❖ *Hesperiodea*
- ❖ *Papilionoeda*

Hesperiodea includes all the skippers and *Papilionoeda* includes the rest. *Hesperiodea* consists of a single family of *Hesperiidae* (Skippers), whereas

Papilionoeda has four families: *Papilionidae* (Swallowtails), *Pieridae* (White and Yellows), *Nymphalidae* (Brush-footed butterflies) and *Lycaenidae* (Blues). These are the families under which all the butterflies were recorded at Bhavan's Vivekananda College fall in.

At Bhavan's Vivekananda College, till now 20 species of butterflies were recorded. Although given the greenery and diversity of tree species, there could be more species that are yet to be recorded. The recorded butterfly species are arranged according to the family as follows:

I. *Papilionidae*

1. *Papilio polytes Romulus* (Indian Common Mormon)

Female, form *romulus* Female, form *cyrus*

Female, form *stichius*

Male

2. *Papilio demoleus demoleus* (Northern Lime Swallowtail)

3. *Graphium agamemnon menides* (Dakhan Tailed Jay)

II. Nymphalidae

1. *Hypolimnas misippus* (Danaid Eggfly)

Female

Male

2. *Junonia hierta hierta* (Oriental yellow Pansy) 3. *Junonia lemonias lemonias* (Chinese Lemon Pansy)

4. *Euploea core core* (Indian Common Crow)

5. *Melanitis leda leda* (Oriental Common Evening Brown)

6. *Danaus chrysippus chrysippus* (Oriental Plain Tiger) 7. *Ariadne merione merione* (Dakhan Common Castor)

III. Pieridae

1. *Catopsilia pomona Pomona* (Oriental Lemon Emigrant)

2. *Eurema hecabe hecabe*
3. *Delias eucharis* (Indian Jezebel)
(Oriental Common Grass Yellow)

IV. Lycaenidae

1. *Caretis thetis* (Indian Sunbeam)
2. *Zizeeria karsandra* (Dark Grass Blue)

3. *Prosotas nora ardates* (Indian Common Lineblue)

4. *Talicada nyseus nyseus* (Indian Red Pierrot)

5. *Chilades pandava pandava* (Oriental Plains Cupid) 6. *Catochrysops strabo strabo* (Oriental Forget-me-not)

7. *Euchrysops cnejus cnejus* (Oriental Gram Blue)
