BHAVANOTSAV-2019

An Inter - Collegiate Techno-Cultural Fest

August 2 & 3, 2019

Press Report

BHAVANOTSAV, the annual mega festival of **Bhavans Vivekananda College, Sainikpuri** was held on August 2 - 3, 2019 with great exuberance and enthusiasm.

Over the years ,Bhavanotsav has gained immense popularity among the student fraternity. This year Bhavanotsav came up with a wide spectrum of enriching and exciting competitions and events in the field of science, technology, literature ,commerce, management art and culture. All the events were well conceived to win the hearts of the youth.Bhavanotsav aspires to provide a great platform for young students to exhibit their talent and to explore their true potential. It is also a great occasion for social bonding and camaraderie.

Under the banner **Bhasha Tarang** the   Languages department organised a string of events in English ,Hindi ,Sanskrit ,Telugu and French. There were eight events in this category- *Draw the poem , Making a story out of newspaper cuttings, Sanskrit Gaanamritham, Padavinodam,, Treasure Hunt, Jam session, Connaisez la France and Les Mots Victorieux* . The events were designed to test the language proficiency, vocabulary and their imaginative skills. There were 50 team participants in each of the above events.

DEPARTMENT OF LANGUAGES

LANGUAGES DAY 2019-20

Languages Day events were conducted from 9th December to 13th December.

9-12-2019

The first event was the Literature based quiz conducted on 9th December, in Sanskrit, Hindi, Telugu, English and French. The idea was conceived and executed by a team of BBA students. 57 students participated as a team of 3.

10-12-2019

Rhyme Time was conducted in English, Telugu and Hindi on 10th December. Students were asked to choose a minimum of 3 words from the 8 given to write poetry in their preferred language. 28 students took part in the event.
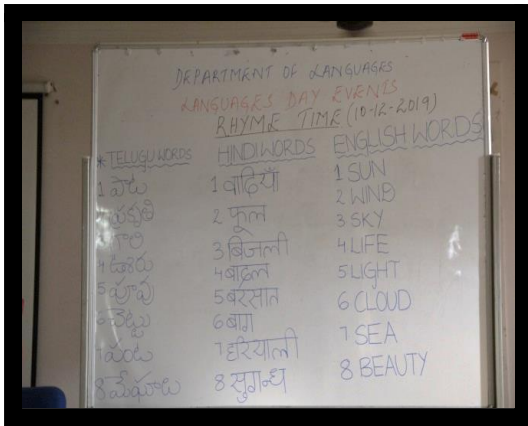

11-12-2019

Spellathon was conducted in 3 rounds on 11th December. Round 1 was based on vocabulary, in which the participants were supposed to solve crossword puzzles and unscramble the given words. 30 teams consisting of 2 members each participated in it. Round 2 was Spell Bee, where the students were supposed to write the spellings of 30 words in 15 minutes. Round 3 was Pictionary, in which a team member was supposed to convey to the other person, the meaning of a given word through drawing.
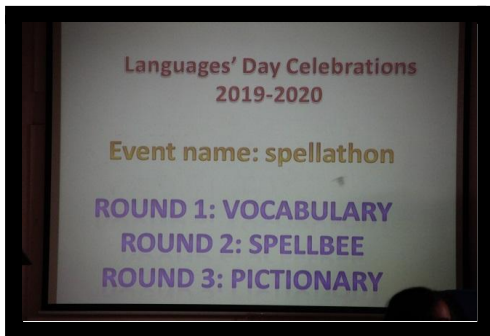

12-12-2019

Sanskrit-Word Building and Idioms & Phrases and French singing 'Le Rosignol' were conducted on 12th December. 7 teams of students participated in the French singing event. There were solo and group performances. The judges for the event were Ms. Prasitha Haridev, Department of Languages and Ms. Shanti Priya, Department of Mathematics. Word Building and Idioms and Phrases were also conducted on 12th December. In the Sanskrit Word Building event, students were given a cue word using which they were supposed to create a chain of words. In the recitation of Idioms & Phrases, students were given one minute time to recite as many Sanskrit Idioms & Phrases as possible, flawlessly. 8 students participated in Word Building and 6 students participated in recitation of Idioms and Phrases.

13-12-2019

The last event of the series was 'Making a story out of newspaper cuttings', which was conducted on 13th December. Students were supposed to create a story using the newspaper cuttings in one hour's time. English, Hindi and Telugu were the language options given. 20 students participated in teams of 2 each.

14-12-2019

Prize distribution was organized on 14th December. The Vice Chairman, Air Cmde.(Retd.) JLN Sastry, VSM; Guest for the event, Sri. Rangi Satyanarayana, TGT, Kendriya Vidyalaya, Uppal, Hyderabad; the Principal, Prof. Y. Ashok and Head, Department of Languages, Dr. C. Kameswari were the dignitaries who graced the occasion.

ENGLISH ASSIGNMENT SEMESTER- 1

SOFT SKILLS AND VALUE ORIENTATION

TOPICS COVERED: POSITIVE THINKING AND NEVER LOSE FAITH IN YOURSELF

S. REETHU REDDY
ROLL.NO-44
CLASS-BBA

Positive thinking :

Positive thinking is the idea that you can change your life by thinking positively about things. This idea can sound a bit soft and fluffy, which is something of a problem for many people who recognize that just thinking good thoughts won't change the world and therefore discard the whole idea. However, research shows that positive thinking really does have a scientific basis. You can't change the world, but you can change how you perceive it and how you react to it. And that can change the way that you feel about yourself and others, which can in turn have a huge effect on your well-being. People who think more positively are more likely to do things to deliver on those option.

High quality trials for new medicines and therapies compare a treatment group, which receives the new treatment, with a 'control group' that does not. But as a general rule, these control groups do not just have 'no treatment'. Instead, they receive a 'placebo', that is, a treatment substitute which looks like the real thing, but has no physical effect.

Developing Habits of Positive Thinking

If you think about positive thinking as 'being happy', it is much easier to work out what you should do to develop habits based on it. For example, what do you like doing? And with whom do you like spending time. Research shows that there are three very good ways to build positive thinking skills:

1. Meditation

People who meditate every day show more positive thinking than those who do not. Is that the meditation causing the positive thinking, or just having time to think? It's hard to tell, but it's also hard to argue with the science. People who meditate tend to show more mindfulness, or ability to live in the present, which is also associated with positive thinking.

2. Writing

A group of undergraduates were asked to write about an intensely positive experience every day for three day. Amazingly, they had better moods and better physical health afterwards, and the effect lasted for quite a long time. This is a pretty easy thing to do: you could, for example, write a blog focusing on positive experiences, or keep a diary.

3. Play

It's important to make time for yourself to have fun. Sometimes you might need to actually put it into your diary to force yourself to make that time, whether it's to meet a friend for coffee, or go out for a walk or a bike ride.

Happy people, those with a positive outlook on life, are not just happier, but also seem to achieve much more. While success may lead to happiness, there is very little question that happiness also leads to success.

Positive thinking is a mental and emotional attitude that focuses on the bright side of life and expects positive results.

A person with positive thinking mentality anticipates happiness, health and success, and believes that he or she can overcome any obstacle and difficulty. Positive thinking is not a concept that everyone believes and follows. Some, consider it as nonsense, and scoff at people who follow it. However, there is a growing number of people, who accept positive thinking as a fact, and believe in its effectiveness.

It seems that this subject is gaining popularity, as evidenced by the many books, lectures and courses about it.

To use it in your life, you need more than just to be aware of its existence. You need to adopt the attitude of positive thinking in everything you do. With a positive attitude we experience pleasant and happy feelings. This brings brightness to the eyes, more energy and happiness. Our whole being broadcasts good will, happiness and success. Even our health is affected in a beneficial way. We walk tall, our voice is more powerful, and our body language shows the way we feel. Positive thinking is a mental and emotional attitude that focuses on the bright side and expects positive results.

Positive and negative thinking are contagious.

We affect, and are affected by the people we meet, in one way or another. This happens instinctively and on a subconscious level, through words, thoughts and feelings, and through body language.

People are more disposed to help us, if we are positive, and they dislike and avoid anyone broadcasting negativity.

Negative thoughts, words and attitude, create negative and unhappy feelings, moods and behavior. When the mind is negative, poisons are released into the blood, which cause more unhappiness and negativity. This is the way to failure, frustration and disappointment. The power of your thoughts is a mighty power that is always shaping your life. This shaping is usually done subconsciously, but it is possible to make the process a conscious one. Even if the idea seems strange, give it a try. You have nothing to lose, but only to gain. Ignore what other people say or think about you, if they discover that you are changing the way you think. Use your imagination to visualize only favorable and beneficial situations. Use positive words in your inner dialogues, or when talking with others. Smile a little more, as this helps to think positively. Once a negative thought enters your mind, you have to be aware of it, and endeavor to replace it with a constructive one. If the negative thought returns, replace it again with a positive one. It is as if there are two pictures in front of you, and you choose to look at one of them, and disregard the other. Persistence will eventually teach your mind to think positively, and to ignore negative thoughts. In case you experience inner resistance and difficulties when replacing negative thoughts with positive ones, do not give up, but keep looking only at the beneficial, good and happy thoughts in your mind.

It doesn't matter what your circumstances are at the present moment. Think positively, expect only favorable results and situations, and circumstances will change accordingly. If you persevere, you will transform the way your mind thinks. It might take some time for the change to take place, but eventually they will.

Report on one - day workshop on

SANSKRIT COMPUTATIONAL LINGUISTIC TOOLS

(8th August 2019)

A one-day workshop was organized by the Department of Languages, **Bhavan's Vivekananda College, Sainikpuri** Secunderabad in collaboration with Sanskrit Academy Osmania University on 8th August 2019 in the MBA Seminar Hall, Room no. 208.

Inaugural Session

The Inaugural program was graced by Air Commodore JLN Sastry, VSM - Vice Chairman, Bharatiya Vidya Bhavan, Vice Principal - Mrs. B. Niraimati and Workshop Convener - Dr. C Kameswari, **Dr. K. Varalakshmi -** Deputy Director Sanskrit Academy Osmania University and keynote speaker - **Dr. Tanuja Ajotikar -** Co- Director, Department of Sanskrit, IIIT, Hyderabad.

Dr. C. Kameswari welcomed the dignitaries and the participants and briefed them about the objective of the workshop. She emphasized that everyday teaching has become a challenge for the teacher which in turn increases the need for awareness amongst the teachers regarding the advancements in the usage of technical tools. Air Commodore JLN Sastry spoke about the significance of Sanskrit language as reflected in the Vedas and Epics. He expressed his gratitude to the Sanskrit academy for obliging to collaborate with the college to conduct the workshop. Mrs. B. Niraimati appreciated the initiative taken by the Department of Languages for conducting such a workshop which would enable the teachers and research scholars to be aware of the technological aids which would upgrade the teaching methodologies.

Keynote Address

Dr. Tanuja Ajotikar - Co- Director, Department of Sanskrit, IIIT, Hyderabad spoke about the benefits of digitizing and tagging of Sanskrit texts and research work so that they can be accessed from any part of the world. The address comprised a powerpoint presentation on the computer and googling techniques which can be employed to extract information about Sanskrit Puranas, Vedas, Shlokas and their meanings. The session focused on the incredible ways in which technology can be used to learn and explore Sanskrit language.

The keynote speaker was felicitated by Air Commodore JLN Sastry, VSM - Vice Chairman, Bharatiya Vidya Bhavan and Vice Principal - Mrs. B. Niraimati, Bhavan's Vivekananda College, Sainikpuri, Secunderabad.

Session 1 & 2

The first and second sessions which commenced after the tea break, were conducted by **Dr. K. Varalakshmi** - Deputy Director, Sanskrit Academy, Osmania University. The sessions aimed at elucidating various linguistic tools used for processing Sanskrit language for morphological analysis, generation and segmentation. Word generators which help in identifying and differentiating the various functions of a word, Word analyzers which help in understanding the various grammatical aspects of a word, Sentence level analyzers which help in analyzing the words in a given sentence based on the parts of speech, Sanskrit –Hindi translation and the use of CLT toolkit were discussed at length which could be effectively used by Sanskrit teachers and research scholars. The session also encompassed the use of Sandhi splitter which shows all possible splittings of a given Sanskrit string of characters and Morphological generator, which shows the inflectional and some derivational forms of a given noun or a verb.

Session 3 & 4

The Technical sessions were conducted by **Mr. Sanjeev Panchal, Mr. Sanal Vikram** and **Mr. Malay Maity** from the Department of Sanskrit, University of Hyderabad. They have complimented Dr. VaraLakshmi's insights into practical knowledge and divided all the participants into 8 groups. The participants were taught to use smart phones and modern technology to teach various aspects like *Kaarak, Vibhakthi, Vaakya Nirmaan Prakriya* to the students.

Valedictory

The workshop concluded by the valedictory session. Dr. C Kameswari, Convener for the workshop & Head, Department of Languages appreciated the inputs given by the keynote speaker and resource persons and shared her learning experience with the audience.

The workshop was attended by 39 participants which included Dr. Raj Narayan Awasthi – Hindi Officer ECIL Hyderabad and Sanskrit teachers, research scholars from various reputed colleges like Sanskrit Academy, St. Francis Women's College, St. Ann's College for women, St. Pious Degree college, Avinash Degree College, Bhavan's Sri Ramakrishna Vidyalaya Sainikpuri, Bhavan's Sri Aurobindo Junior College, SVVVS College, Badruka College, Potti Sri Ramulu Telugu Univeristy, Nampally, University Arts & Science College, Kakatiya University Warangal, Andhra University Guntur, Vivekananda Government Degree College The workshop was enriching and informative for the delegates.

Dr. Raj Narayan Awasthi – Hindi Officer ECIL Hyderabad, appreciated the insights given in the workshop and expressed though, he has knowledge in technical tools, he was there to learn more

technical aspects which would help him in his future research work. He also added such workshops should be conducted for two days to improve more technical knowledge and hands-on experience. Dr. Mukta Vani - Vivekananda Government Degree College, Hyderabad and Mrs. Sridevi – St. Ann's College for women, Mehdipatnam, Hyderabad emphasized on conducting such workshops for two days in future which would provide immense technical knowledge to the teachers, so that they can apply that in their regular teaching pedagogies.

Dr. K. Varalakshmi **-** Deputy Director Sanskrit Academy Osmania University felicitated Mrs. B. Niraimati - Vice-Principal and Workshop Convener - Dr. C Kameswari - Head, Department of Languages. Later, Dr. K. Varalakshmi **-** Deputy Director Sanskrit Academy Osmania University was felicitated by Mrs. B. Niraimati - Vice-Principal and Workshop Convener - Dr. C Kameswari - Head, Department of Languages. The Resource persons and the participants received participation certificates by Mrs. B. Niraimati.

The session concluded with vote of thanks by Mrs. Meena Rani, Asst. Professor in Sanskrit and Dr. Y. Suresh, faculty in Sanskrit, Department of Languages chanted the Shanti Mantra.

(Dr. C Kameswari)

Bhavan's Vivekananda College

About the College:
Bhavan's Vivekananda College of Science, Humanities and Commerce,Sainikpuri was found in the year 1993.The college has successfully completed 25 years of academic excellence and contributed towards the holistic development of students during its scholastic journey. The institution has been accredited with "A" grade by NAAC and also been conferred Autonomous status in the year 2015-16. BVC has grown from strength to strength and now boasts of 3500 students with 200 staff members (teaching and non-teaching). Its recent achievements are many, but the significant one is being ranked among the top 200 colleges for higher education by the NIRF. The vision of " Youth empowerment with Culture, Knowledge and Strength of Body and Mind" is clearly visible through the extra curricular activities undertaken by the students.

About the Department:
The Department of Languages was established in the year 1993. Presently the Department consists of qualified 16 faculty members including doctorates.
Department of Languages has conducted three National Seminars in Hindi, English and Sanskrit in the past. All the research papers obtained were published in journal with ISBN No.which highlighted the effective teaching in the classroom. The Department of Languages has also conducted two workshops in Hindi on UNICODE and in English on "Teaching Techniques and Technology in the language classroom". These two workshops facilitated the teaching of technical methodology. The Department of Languages is also credited with the release of the annual college Magazine – VIBHA and the college Prospectus.
This one-day Sanskrit workshop is being organized for the benefit of teaching community along with the research scholars and students.

Theme:
Sanskrit, a treasure trove of knowledge, is one of the ancient languages in the world.The recent development in the Sanskrit world has announced that Sanskrit has been recognized as the most compatable language for computer programming. NASA, the most advanced research centre in the world known for its cutting edge technology, has discovered that Sanskrit, the world's oldest spiritual language, is the only unambiguous spoken language on the planet.
Sanskrit is a language that preserves the collective wisdom of our great sages since time immemorial. This one-day workshop is being organized by BVC is collaboration with Sanskrit Academy O.U. to spread awareness regarding Sanskrit Computational Linguistic Tools (C.L.T.) to facilitate digital learning techniques in Sanskrit.
This workshop aims to deliver hand on skills for basic grammar tools to teach Vocabulary, Noun, Verb Structure and to enable the beneficiaries for effective teaching in the classroom.
In this regard, CLT toolkit, which is like a magic wand will mesmerize Sanskrit learners to create interest in the participants. The workshop will also help the Sanskrit teaching community to gain skills in using the toolkit. Employing digital language learning tools, a Sanskrit teacher can inculcate knowledge among the Sanskrit learners.

Objectives:
To increase awareness regarding the advancements in the usage of technical tools.

To acquire practical uses of CLT in language lab.

To acquire skills to use technology for effective teaching and research.

Beneficiaries:
Sanskrit lecturers
Sanskrit teachers
Sanskrit research Scholars
Sanskrit students

Workshop Schedule:

09.00 am - 10:00 am	Registration
10.00 am -10.45 am	Inaugural session
10.45 am - 11:00 am	Tea Break
11.00 am - 12:00 pm	Session - I
12.00 pm - 01:00 pm	Session - II
01.00 pm - 01:45 pm	Lunch Break
01.45 pm - 03:00 pm	Technical Session - I
03.00 pm - 03:45 pm	Technical Session - II
03.45 pm - 04:15 pm	Valedictory Session
04.15 pm - 04:30 pm	Tea & Snacks

About the Sanskrit Tool Kit:
Sanskrit Toolkit Consists of ....

"Noun form generator" and "Verb form generator" facilitates to learn noun forms and verb forms.

"Sandhi joiner" and "Sandhi splitter" joins or splits the sandhi and displays sandhi rule.

"Parser" helps in syntactic analysis.

"Morphological analyzer" helps to learn morphological analysis of a given verb or noun.

Some Sanskrit texts like Bhagavadgita, Ramayana, Kiratar juneeyam are developed in e-book format.

E-dictionaries like knowledge-net of Amarakosa are available to learn synsets etc.
