Sub: Proposal for conducting – Enhancing Employability Skills- Training Module – Final Years – Reg.

Dear Sir

We would like to bring to your kind notice that Career Guidance and Placement Cell (CGPC) of our college has conducted online Placement Eligibility Test for all the final year students of our college on 24th and 25th June 2016. A total of 806 students have appeared for the test and 561 students have qualified for the test, CGPC strongly feels there is a need for skill development (for placements) of those 245 students who could not qualify the PET. Apart from the UG students, we also feel that around 87 MBA students require the training.

In this regard we have approached the following agencies for providing training module.

1. TIME
2. Talent Beacon
3. Abigya Training and Consulting

Comparative statement for training module of Enhancing Employability Skills

	TIME	Talent Beacon	Abigya Training & Consulting
Cost	Rs.1,500	Rs. 2700	Rs.1,700
No. of Hours per Student	48	60	45
No of Students per Batch	60	60	60
Effective Cost per Student Hour	31.25	45	37.78
Additional Benefit	Free Workshops for II and III year Students		

Based on the discussion with them, cost associated with the programme and the track record, we would like to recommend TIME for the training module. The college has to provide infrastructure facilities for conducting the programme. In this regard we would like to suggest that we can charge Rs.100 extra per student in order to meet our infrastructure and other expenses. A total amount of Rs.1600 will be paid by the student who undergo the training module.
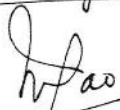

Hope you will do the needful.

Thanking You

With Regards

Dr. M V S Mahendra
CGPC Coordinator.

Accepted.

28/7/16

Permitted

Time institute may be given the contract. CGPC co-ordinator may submit a review report gtu the training module.

SUBJECT: CRT (CAMPUS RECRUITMENT TRAINING) PROGRAM

Dear Sir,

Greetings!

This is further to the discussion with you regarding the CRT 'Student Development Program – SDP' for your students.

Enclosed is our SDP (Campus Recruitment Training) structure 25 – sessions Program. The Program that we have structured exclusively for your students is intensive and will give an insight on prerequisites that a candidate needs to have while approaching companies. It would provide insight on changing trends and make them aware on industry expectations. The Program would deal with basics in aptitude, soft-skill enhancement & evaluation.

- ANNEXURE 1: T.I.M.E. A Brief Profile
- ANNEXURE 2: Course Structure for SDP – 25 Sessions
- ANNEXURE 3: Delivery Mechanism
- ANNEXURE 4: Pricing with Terms & Conditions

We would like to take this opportunity to assure you of the quality of instruction that would be imparted and we are sure that your students will be very happy with the course. We are looking forward to an enduring long-term relationship with your esteemed institution.

We now look forward to your confirmation of the terms and conditions to enable us start the Program.

Yours truly,

for Triumphant Institute of Management Education Pvt. Ltd, (T.I.M.E.)

Michael Stone

(Dy. Gen. Manager – Marketing)

Sub: Personality Development and Communication classes-reg.
***

As the Postgraduate students of final year are on the verge of going for placements/higher studies. It is proposed to conduct softskill classes for them on various aspects to increase their employability after completion of their course.

2.   Mrs.Sudha Gorthi is Professional Trainer on personality development and communication. She has been taking softskill classes in Bhavan's Vivekananda College, Sainikpuri since 2008. Hence, she is requested to continue to take classes for PG students for this year also. (2016 -17). The details of the programme schedule is enclosed for your perusal please.

Particulars of class :

| S.No.	Name /Particulars	Class	Duration	Fee charged	Amt.Payable
1.	Mrs.Sudha Gorthi	M.Sc. a.Biochemistry b.Microbiology, c.Comp.Sc. M.Com.	25/07/2016 to 06/09/2016	120 sessions @650/- per hour	Rs.78000/-

3.   **Payment Details:**

a.   Ist installment cheque for Rs.**39,000/-** (Rupees Thirty nine thousand only.) may be issued in favour of Mrs.Sudha Gorthi and amount may be debited towards Students Welfare A/c. The Cheque may be issued on **11th Aug' 2016**.

b.   IInd Installment cheque for Rs.**39,000/-** (Rupees Thirty nine thousand only.) may be issued on **6th Sep' 2016**.

Sub: Request for permission to conduct workshop on "Solar Food Processing Technology-Entrepreneurship Opportunities" for M.sc second year students of Microbiology – reg.
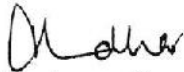

Dear Sir,

Department of Microbiology, Bhavan's Vivekananda College would like to organize workshop on **"Solar Food Processing Technology- Entrepreneurship Opportunities"** for M.sc second year students of Microbiology in collaboration with NGO organization-Society for Energy, Environment & Development. The department has been organizing workshops to students to gain hands on experience with latest techniques used in Industry /Diagnostics. M.Sc Microbiology Syllabus has Food Microbiology & Toxicology as part of their curriculum. Hence we are planning to conduct workshop in Solar food processing technology. The workshop aims to impart theory and practical knowledge about solar dehydration as a food processing technology and skills development in processing of vegetables and fruits for value addition and preservation through practical hands on experience.

Senior Faculty from CFTRI, Hyderabad, NIN, ANGRAU University and SEED Expert team will be the resource persons in conducting this workshop. The workshop is tentatively scheduled on 20th & 24th February 2017.The tentative budget planned for this workshop would be around Rs.50, 000. I request you to kindly grant permission to conduct this workshop.

We are looking forward for your approval.

Thanking you, With Regards

Dr .K. Anuradha.

Training Program on

SOLAR DEHYDRATION OF FRUITS & VEGETABLES FOR VALUE ADDITION & PRESERVATION
For Bhavan's Vivekananda College Students
15 – 18th February 2017 at SEED, Hyderabad

| Time	Topic	Speaker
Day 1 February 15, 2017		
9:30 am	Introduction to SEED and About the program	Ms. R. Shyamala
10:00 am	Hands on Activity	Ms. P. Aparna, Ms. A. Sunitha & Ms. Athar Begam
12:30 pm	Basic food science	Dr. MM Krishna
1:30 pm	LUNCH	
2:30 pm	Basic food microbiology	Dr. Suresh Itapu
3:30 pm	Adaptation of Solar Energy for Food Processing	Dr. K. Vidyasagar
4:30 noon	Development of Health Foods using Solar Food Processing and Formulation	Dr. Suresh Itapu
Day 2 February 16, 2017		
9:30 am	Hands on Activity	Ms. P. Aparna, Ms. A. Sunitha & Ms. Athar Begam
12:00 pm	Introduction to Food Analysis	Dr. T. Jyotirmayi
1:00 pm	L U N C H	
2:00 pm	Status of Food Regulation in India	Dr. Suresh Itapu
3:00 pm	Food Safety Hyenine, and sanitation	Dr. Suresh Itapu
4:00 pm	Basic Nutrition and Nutritional Issues in India and Role of Food Processing	Dr. Kavitha Reddy
Day 3 February 17, 2017		
9:30 am	Hands on Activity	Ms. P. Aparna, Ms. A. Sunitha & Ms. Athar Begam
12:00 noon	Packaging for extended shelf life	Dr. K. Vidyasagar
1:00 pm	L U N C H	
2:00 pm	Product development concepts	Dr. MM Krishna
3:00 pm	Bioactive Components from Fruits and Vegetables	Dr. Kavitha Reddy
4:00 pm	Osmatic Dehydration of Fruits and Vegetables and Applications	Dr. Suresh Itapu
Day 4 February 18, 2017		
9:30 am	Quality Control in Solar Food Processing	Ms. P. Aparna & Ms. A. Sunitha
11:00 am	Comprehensive test	Dr. MM Krishna
12:00 noon	Closing remarks	Ms. R. Shyamala
12:30 pm	Certificate distribution	
1:00 pm	L U N C H	

Hands on Activities

Processing of Vegetable – Tomato, Spinach;

Osmo-dehydration of Pineapple; Demonstration of ongoing production process of fruit bar

Workshop "Solar dehydration of fruits and vegetables for value-addition & Preservation" 2016-17

A workshop was organized by Department of Microbiology in collaboration with Society for Energy, Environment & Development (SEED) from 15-18th February 2017.The workshop gave students hands on experience in the areas of Solar dehydration of fruits and vegetables for value-addition & Preservation.

Value added course on "Solar Dehydration of Fruits & Vegetables for Value addition and Preservation"

Objective:

Students will be able to learn

1. Solar food processing technology
2. Processing of Vegetables and Fruits for preservation

Syllabus:

1. Innovative Solar cabinet dryer technology
2. Solar food processing technology
3. Processing of Mango rolls and bars
4. Processing of Osmotic dehydration of pineapple
5. Processing of vegetables
6. Processing of solar dehydration of Leafy vegetables
7. Solar Drying data sheets

Outcomes:

Students were able to

1. Assess the loading capacity of various fruits and vegetables
2. Measure various parameters for Solar dried fruits & Vegetables

To   1/7/2015

The Principal

Bhavans Vivekananda College

Sainikpuri

Secunderabad

Subject: Consent to start Value added course on computer skills
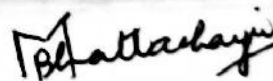

Respected Sir

The departments of Life sciences, BBA and BA are keen on introducing a value added course on computer skills for their first year students for the academic year 2015-16.The course will be dealt by the department of computer sciences and department of chemistry.

We seek your kind consent to start the course as these mentioned programs does not have any course on computers in their curriculum.

The Value added course will be continued in 2016 for the BA 2nd year students. The life sciences and BBA students will be discontinuing the course, as their respective BOS members have suggested to start computer skills, Bio-informatics, Cheminformatics in their regular curriculum.

Thanking you

Yours sincerely

Dr.Madhumita Bhattacharjee

Head of the Department
Department of Chemistry

Sainikpuri. R.R. (Dist.)

First Year B.Sc.

Time allotted: 60 hours.

Goal: Student should be fluent with Word Processing, Slideware, Graphics program, and Spreadsheet program.

1. Word: 10 hours. Prepare a well-formatted document (in PDF) of 20-30 pages that has
    a. Header with short title
    b. Footer with page number
    c. Table of Contents with 2-3 levels of headings and sub-headings
    d. Table of Figures with 5 or more items; Figures to imported from web or camera
    e. References in form of EndNote
    f. Footnotes to explain meanings of words or acronyms.
    g. Include the author's resume'
2. Slideware: 15 hours. Prepare
    a. A slideshow for a talk
        i. At least 15 slides
        ii. Each slide numbered, with consistent formatting
        iii. At least 2 simple animations
    b. A Poster of size 90 cm X 120 cm
3. Graphics Program: 15 hours. Prepare a handout to explain synthesis of a chemical compound.
4. Spreadsheet Program: 20 hours. Analyze data from a Table with at least 100 rows to prepare a report that has at least:
    a. One histogram
    b. One bar or line graph showing error bars
    c. One scatter plot showing line and equation of regression

Second Year B.Sc.

Time allotted: 60 hours.

Goal: Student should be familiar with Database (Access) and Bioinformatics Programs, and R or setting up a simple website.

1. Database management: 20 hours. Set up an Access database with at least
    a. 3 tables
    b. 3 forms
    c. 6 queries
    d. 6 reports
2. Bioinformatics: 30 hours. Theory and web-based programs related to
    a. Genomics
    b. Transcriptomics
    c. Proteomics
3. R: 10 hours. Import data and analyze using descriptive statistics.
4. Website: 10 hours. Set up a website on Google Sites or similar free platform. Site should have at least 4 pages with links, text, graphics.

Sub: Request for starting Value-Added Courses in computer science department.

Sir,

The department of computer science is planning to start value-added courses in this month for all under graduate students.
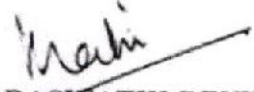

I request you to kindly permit us to conduct this programme.

I recommend Mr. G. Mahesh Kumar as the coordinator for value - added courses.

The details of the courses schedule and fee details are enclosed for your kind perusal.

Thanking you,

yours sincerely

(K. V. B SARASWATHI DEVI)

Head. Department of Computer Science

20/7/16

CIRCULAR

The department of computer science is conducting value-added certificate course in Java & Data Structures for B.Sc(Physical Sciences) & BCA II & III Year students:

Course Name	Duration	Fees
Java & Data Structures	60 days	Rs. 2000/-

For registrations contact G. Mahesh Kumar, Lecturer in Computer Science.

Registration Starting Date: 12/07/2016.

Registration Ending Date: 16/07/2016.

Ms. KVB SARASWATHI DEVI
Head, Department of Computer Science

Prof. Y. ASHOK
Principal

JAVA & DATA STRUCTURES

JAVA & DATA STRUCTURES was handled by Mr. G Mahesh Kumar, Assistant Professor in department of computer science. This course duration was for **60 days**. In this, contents like basics in java, classes, objects, arrays, strings, multithreading and java data structures were covered. Total numbers of students registered were **8** and they were from B.Sc (Physical Science & Life Sciences) III Semester.

Department of Computer Science

Value –Added Course

<u>JAVA AND DATA STRUCTURES</u>

<u>Syllabus</u>

Unit – 1:   Java Fundamentals
Fundamentals of Object Oriented programming : Object Oriented paradigm – Basic concepts of Object Oriented Programming – Benefits of OOP – Applications of OOP.
Java Evolution : Java Features – How Java differs from C and C++ - Java and Internet – Java and World Wide Web – Web Browsers – Hardware and Software Requirements – Java Environment.
Overview of Java Language: Simple Java Program – Java Program Structure – Java Tokens- Java Statements – Implementing a Java Program – Java Virtual Machine – Command Line Arguments.
Constants, Variables and Data types: Constants – Variables – Data types – Declaration of Variables-Giving Values to variables- Scope of Variables-Symbolic Constants-Type Casting.
(Chapters : 1,2,3,4)

Unit – 2:   Oops Concepts in Java
Operators and Expressions: Arithmetic Operators – Relational Operators- Logical Operators – Assignment Operators – Increment and Decrement Operators – Conditional Operators – Bitwise Operators – Special Operators – Arithmetic Expressions – Evaluation of Expressions – Precedence of Arithmetic Operators – Operator Precedence and Associativity.

Decision Making and Branching: Decision Making with If statement – Simple If Statement-If else Statement-Nesting If Else Statement- the ElseIf Ladder-The switch Statement – The ?: operator.

Decision Making and Looping: The while statement – The do statement – The for statement – Jumps in Loops.

Class , Objects and Methods: Defining a Class – Fields Declaration – Methods Declaration – Creating Objects – Accessing class members – Constructors – Methods Overloading – Static Members – Nesting of Methods – Inheritance – Overriding Methods – Final Variables and Methods – Final Classes – Abstract Methods and Classes – Visibility Control.
(Chapters : 5,6,7,8)

Unit – 3:   Packages and Interfaces in Java
Arrays, Strings and Vectors: One-dimensional Arrays-creating an Array – Two dimensional Arrays – Strings – Vectors – Wrapper Classes – Enumerated Types.

Interfaces: Multiple Inheritance : Defining Interfaces – Extending Interfaces – Implementing Interfaces – Accessing Interface Variables.

Packages: Java API Packages – Using system Packages – Naming Conventions – Creating Packages – Accessing a Package – Using a Package – Adding a Class to a Package – Hiding Classes – Static Import. (CHAPTERS : 9,10,11)

Unit-4 Multithreaded programming and Applets.
Multithreaded Programming: Creating Threads – Extending the Thread Class – Stopping and Blocking a Thread – Life Cycle of a Thread – Using Thread Methods – Thread Exceptions – Thread Priority – Synchronization.
Managing Errors and Exceptions: Types of Errors – Exceptions – Syntax of Exception Handling Code – Multiple Catch Statements – Using Finally Statement – Throwing our own Exceptions – Using Exceptions for debugging.
Applet Programming: How Applets differ from Applications – Preparing to write Applets – Building Applet Code – Applet Life Cycle – Creating an executable Applet – Designing a WebPage – Applet Tag – Adding Applet to HTML file – Running the Applet – More about Applet Tag – Passing parameters to Applets – Aligning the display – More about HTML tags – Displaying Numerical Values – Getting Input from the user.(Chapters : 12, 13, 14)

Unit – 5:   Data Structures
Sorting: Bubble Sort – Selection Sort – Insertion Sort – Quick Sort-Stacks and Queues: Stacks – Queues – Circular Queue – Deques - Priority Queue – Parsing Arithmetic Expressions – Linked List: Simple Linked List – Finding and Deleting Specified Links – Double Ended Lists – Abstract Data types – Sorted Lists – Doubly Linked Lists – Advanced Sorting : Quick Sort - Binary Trees : Tree Terminology – Finding a Node – Inserting a Node – Traversing the Tree – Finding Maximum and Minimum values – Deleting a Node – Efficiency of Binary Trees – Trees Represented as Arrays – Graphs: Introduction to Graphs – Searches – Minimum Spanning Tree – Topological Sorting with Directed Graphs – Connectivity in Directed Graphs.
(Chapters : 3,4,5,7 (Only Quick Sort), 8,13)

Prescribed books   :
1. E.Balaguruswamy, Programming with Java, A primer, 3e, TATA McGraw-Hill Company (2008).(Chapters : 1 to 14)
2. Robert Lafore, Data Structures & Algorithms in Java, Second Edition, Pearson Education(2008)(Chapters: 3,4,5,7 (Only Quick Sort),8,13)

Outcomes:

At the end of this course students will be able to:

CO1: Analyze the fundamental concepts of Java.

CO2: Develop applications using classes and objects.

CO3: Develop applications using Packages and Interfaces.

CO4: Develop applications using Multithreading and Applets.**CO5:** Develop applications using Data Structures.

Bhavan's Vivekananda College
Sainikpuri, Secunderabad.

Sir:

Sub: Conducting skill enhancement course (SEC) for M.Sc (Biochemistry)III SEM-2017 .

     The department of Biochemistry needs to organize a skill enhancement course (SEC) for M.Sc students as outlined in the curriculum of CBCS. The course has to be carried out for 30 hrs and carries one credit. The department is interested in organizing this course in the area of clinical biochemistry. This course needs to be conducted in coordination with diagnostic labs or hospitals. In this regard, we request you to kindly permit us to collaborate with Bhavan's Sarada Devi hospital for conducting the course. The tentative outline of the course is enclosed herewith for your kind perusal.

Thanking you

Yours sincerely

Dr. A.Sai Padma
Head, Department of Biochemistry

Certificate Course for PG Students (2016-2017)

The department of Biochemistry had conducted a certificate course in "Clinical laboratory diagnostics"in collaboration withBhavan's Sarada Devi Hospital, Sainikpuri from 16-01-2017 to 1-03-2017 for students of M.Sc IV semester. The course was carried out for 30 hrs where the students were given a basic understanding of working in a clinical laboratory. They were trained on various biochemical tests for blood and urine samples. They were explained about functioning of an autoanalyzer for evaluating the biochemical parameters and hematology parameters along with ECG and measurement of blood pressure. Histopathology sectioning and staining of various human tissue samples were also shown. A lecture on histopathology of organs covering liver, muscle, nerve and uterus was delivered by Lt. Col (Retd) Dr.C.Ramji, Consultant Pathologist, Bhavan's Sarada Devi Hospital, Sainikpuri, Secunderabad.
Head, Dept. of Bio-Chemistry
Bhavan's Vivekananda College
Sainikpuri, Secunderabad-500 094

As a part of the certificate course, students were taken to Vijaya Diagnostics at Himayat Nagar, Hyderabad on 22.03.2017. Students were made aware of high level of automation involved in the diagnostic centres. Starting from the collection of the samples, storage, processing and reporting the data involves a high degree of automation. Students were shown biochemistry, microbiology, hematology, histopathology, molecular Biology and cytogenetics labs. They were explained about the working mechanism of various instruments like autoanalyzers, electrolyte analyzers, blood grouping instruments, HPLC, PCR, FISH and pathology related instruments. Overall the visit had provided a very good insight into the clinical laboratory diagnostic labs.

<div align="center">

Department of Biochemistry

Certificate course on Clinical Laboratory Diagnostics

In collaboration with Bhavan's Sarada Devi Hospital, Sainikpuri

2016-17

M. Sc Biochemistry

</div>

Title: Clinical Laboratory Diagnostics

Duration: 2hrs/week for 15 weeks (30hrs)

Syllabus

l. Blood collection and preservation. Drawing of blood.	4hrs
2. Collection and preservation of urine samples. Urine analysis.	2hrs
3. Measurement of Blood pressure.	2hrs
4. Understanding an autoanalyzer. Evaluation of different biochemical parameters in an autoanalyzer.	6hrs
5. Haematology parameters.	4hrs
6. Histopathology. Tissue sectioning and staining.	4hrs
7. ECG.	4hrs
8. Quality control and assurance in labs.	2hrs
9. Dispatch of reports with clinical correlations.	2hrs

COURSE OUTCOMES:

At the end of the course students will be able to:

1. Understand the basic procedures of diagnostics and working set up in diagnostic labs.
2. Relate the working of autoanalyzer's and their significance in clinical diagnostics along with automation in clinical labs.

Department of Computer Science

<u>Value Added Course- Data Analysis & Advanced Excel and</u>

<u>Objectives:</u>

COb1: To discuss Basics, Formulas, Functions and Charts in Excel.

COb2: To provide the concepts related to Linking between sheets, Protection
of worksheets, Filters and Sorting (Advanced Filters), Pivot Tables and
Pivot Charts, Data Validation, Conditional Formatting.

COb3: To explain Macros, what if analysis, Lookup (), vlookup(), hlookup() functions.

COb4: To demonstrate exchange data between Excel and Access.

1. Basic introduction to Excel
2. Basics of Excel
3. Formulas in Excel
4. Different types of Functions in Excel
5. Different types of charts in Excel
6. Linking between sheets
7. Protection of worksheets
8. Filters and Sorting(Advanced Filters)
9. Pivot Tables and Pivot Charts
10. Data Validation
11. Conditional Formatting
12. Macros

13.   What if analysis

    --- Scenario Manager

    --- Goal seek

    --- Data Table

14. Lookup(), vlookup(), hlookup() functions

15. Exchange (copy, import, export) data between Excel and Access

COURSE OUTCOMES: **At the end of the course, students will be able to:**

CO1: Analyze Basics and apply Formulas, Functions and Charts in Excel.

CO2: Implement the concepts related to Linking between sheets, Protection of worksheets, Filters and Sorting (Advanced Filters),Pivot Tables and Pivot Charts, Data Validation, Conditional Formatting.

CO3: Apply Macros, what if analysis, Lookup (), vlookup(), hlookup() functions.

CO4: Demonstrate exchange data between Excel and Access.

(G MAHESH KUMAR)

Value - Added Course Coordinator

Bhavan's Vivekananda College
of Science, Humanities & Commerce
Sainikpuri, Secunderabad – 500094
Autonomous College - Affiliated to Osmania University

Value Added Course in Computer Science

Computer Basics

Computer Definition:- Types of Computers- Logical Organization of digital computer – Memory – Main Memory: RAM, ROM and Cache - Secondary Memory: Magnetic Tape, Floppy Disk, Hard Disk, Compact Disk – Input devices – Output devices - Operating system: Types of Operating System, Brief details of Batch processing, Multi Programming, Multi Tasking, Time Sharing, Real Time

MS-Word and MS-PowerPoint

MS Word basic: Starting word, Creating a new document, Opening preexisting Document, The parts of a Word window, Typing Text, Selecting Text, Deleting Text, Deleting Text, Undo, Redo, Repeat, Inserting Text, Replacing Text, Formatting Text, Cut, Copy, Paste – Printing.

Formatting Your Text and Documents: Auto format, Line spacing, Margins, Borders and Shading.

Working with Headers and Footers:
Tables: Creating a simple Table, Creating a Table using the Table Menu, Entering and Editing Text in a Table, Selecting in Table, Adding Rows, Changing Row heights, Deleting Rows, Inserting Columns, Deleting Columns, Changing Column width.

Macros: Macro, Recording Macro, Running a Macro.

Mail Merge: Mail Merge Concept, Main Document, Data Sources, Merging Data Source and Main Document, Overview of Word Menu options Word Basic Tool Bar.

MS-PowerPoint

Power point: Basics, Terminology, Getting Saved Views.

Creating Presentations: Using auto content wizard, Using Blank Presentation option, Using design template option, Adding Slides, Deleting a Slide, Importing Images from the outside Word. Drawing in PowerPoint, Transition and Build effects, Deleting a Slide, Numbering a Slide, Saving Presentation, Closing Presentation, Printing Presentation elements.

MS-Excel and MS-Access

MS Access
Creating a Simple Database and Tables: Creating a contacts Databases with the wizard, The Access Table wizard, Creating Tables without the wizard, Field Names, Data Types and Properties, Adding, Deleting fields, Renaming the fields in a table.

Objects in Ms-Access: Queries ,Forms ,Reports ,Macros.

MS Excel

Excel Basis: Overview of Excel features, Getting started, Creating a new worksheet, Selecting cells entering and editing text, Entering and Editing numbers, Entering and Editing Formulas, Referencing cells, Moving cells, Copying cells , Sorting cell data, Inserting rows, Inserting columns, Inserting cells, Deleting parts of a worksheet, Clearing parts of a worksheet.

Formatting: Page Setup, Changing column widths and row heights, Auto Format, Changing Font sizes and attributes, centering text across columns, Using border buttons and commands, Changing colors and shading, Hiding rows and columns.

Introduction to Functions: Parts of a Functions, Functions requiring add-ins, The Function Wizard. Examples Functions by Category: Data and Time Functions, Engineering Functions, Math and Trig Functions, Statistical Functions, Text Functions.

Charts in Ms-Excel : Types of Charts in Excel.:

****

Course Outcomes:

Students will be able to:

CO1 : Analyse and identify basic components of a computer system.

CO2 : Create word documents with formatting features, macros & mail merge concepts.

CO3 : Create attractive and effective presentations.

CO4 : Create databases, objects such as queries, forms and reports

CO5 : Work with spreadsheets, functions and charts.

2016-17.

No.445/IG/Trg./16   Date: 03-10-2016

To

The Head of the Department
Department of Botany, Genetics & Biotechnology
Sainikpuri,
Secunderabad.

Dear Sir/Madam,

    Sub: Instt., of Genetics, OU. – Educational visit of Bhavan's
    Vivekananda College of Science, Humanities & Commerce
    students of B.Sc. Final year – Permission conveyed – Reg.
    Ref: your letter no. Nil,dt:01-10-2016.
                        * * *

In response to your letter cited, I am pleased to accord permission for the

visit of B.Sc. Final year students (22) of your college to the Institute on

13th to 29th October,2016 from 10.30 A.M. onwards

Thanking you,

                                        Yours sincerely,

Report on practical training program at the Institute of Genetics- October 2016

The students of BSc Life Sciences III year participated in the practical training program on **Diagnosis & Management of Genetic Diseases** from 13-10-16 to 29-10-16 at the Institute of Genetics & Hospital for Genetic Diseases, Hyderabad.

On the first day, inauguration program was conducted where the students were introduced to the Vision and Mission of the Premier Institute. The participants were given a brief idea about the different departments, their tasks & challenges.

The participants were grouped into four different teams & sent to the following departments on rotation:

Department 1: **Cell Biology:**-In this dept, students learned about Karyotyping, FISH (Fluoresence In situ Hybridization) and SKY (Spectral Karyotyping) techniques. They performed Karyotyping and FISH with their own blood samples in which they did slide preparation & chromosomal analysis by screening .There were practice sessions of matching homologous chromosome pairs & numbering of chromosomes on Karyotype paper, screening for various Genetic disorders such as Turner's, Down's, Klinefelter's syndrome, etc.

Department 2: **Environmental Toxicology**: In this dept, students conducted cytogenetic studies to identify DNA damage due to environmental stresses, such as chromosomal aberrations, Micronucleus assay, sister chromatid exchanges & Comet assay. Students performed Comet assay with their own blood sample and analyzed DNA damage by number of DNA breaks & length of the DNA tail.

Department 3: **Clinical Genetics:** This dept involves diagnosis, counseling & treatment of individuals & families with Genetic disorders. The students had a slide show presentation on the diagnostic technique of Ultrasonography. The students were also involved in Genetic Counseling sessions to families affected with Genetic disorders.

Department 4: **Biochemistry:** In this dept, the participants learned some biochemical tests like estimation of Copper from urine Sample (for diagnosis of Wilson's disease), lipid profile from serum sample, blood Glucose levels and also Neonatal screening for genetic disorders.

Department 5: **Molecular Biology:** In this dept, students performed DNA isolation by Sucrose and Phenol method & they used Sucrose method to isolate DNA using their own blood samples. They did DNA separation using Agarose Gel Electrophoresis. The students also carried out PCR for amplification of desired sequences of DNA. They were briefed about the working & principle of HPLC which is used to estimate the amount of fetal hemoglobin.

The participants also had an opportunity to interact with students at the Special school for the differently abled children, which is attached to the IOG.

At the end of the training program, the students had a special session on **Career Counseling** by Prof. N.Pratibha, Director of IOG. The students were awarded participation certificates by Prof. N Pratibha. It was a very enlightening & motivating program for the students.
Students enrolled for IoG 2016 - 2017

BHAVAN'S VIVEKANANDA COLLEGE OF SCIENCE, HUMANITIES AND COMMERCE, SAINIKPURI, SECUNDERABAD.
Autonomous College
Affiliated to Osmania University, Hyderabad.
(Accredited with 'A' grade by NAAC)
Department of Genetics, Biotechnology and Botany
Effective from 2016-'17 onwards
Title: Genetic Counselling

Objectives:

1. **To give an overview on Human Genetic Disorders.**

2. **To discuss the importance of Genetics counseling in day today life.**

3. **To understand the indications and the various prenatal Diagnostic techniques.**

4. **To emphasize the role of molecular genetic techniques in the detection of diseases.**

5. **To discuss the various options available in the treatment of genetic disorders.**

UNIT I: **15 Hours**

1. **Basic aspects of Genetic Counselling: Types of Genetic disorders and need for Genetic Counselling**   **(3)**
2. **Steps in Genetic Counselling:**   **(2)**
3. **Carrier detection (for recessive disorders) and risk prediction of Genetic disorders.**   **(3)**
   (Simple Probability and Bayesian calculation methods).
4. **Prenatal diagnosis and Screening for Congenital birth defects**   **(2)**
5. **Applications of Molecular Genetic techniques in detection of Genetic disorders**   **(3)**
6. **Strategies for treatment of Genetic disorders.**   **(2)**

UNIT II
Practical training program (Internship) at the Institute of Genetics and Hospital for Genetic Diseases, Begumpet, Hyderabad for a period of 4 weeks.

Outcomes:

- **The students learn the concepts of Human genetic disorders.**
- **Students learn the different steps involved in genetic counseling.**
- **They also learn various methods involved in carrier detection.**
- **They learn to appreciate the prenatal diagnostic techniques.**

- **Hands on practical training program at the Institute of Genetics , Begumpet helps them to develop their skills in Molecular Biology, Biochemistry and Cytogenetics.**

Respected HOD,

Greetings..!!

This is an invitation from Makientern to our associated colleges only. We hope you too have a great experience with us.

We, "Team MakeIntern (Training partner of E-Cell IIM Calcutta & Google) would like to entreat you to be a part of biggest B-Plan competition and Google online certification program.

Learntoupgrade.com (Online learning partner-Unit of Makeintern) has tailored various internships, all-inclusive of LIVE HANDS-ON Practical right at the comfort of your home. No research or industrial work is complete without

these techniques. Thereby, we encourage you to make most of this opportunity and come out of lockdown as better-skilled students.

We would like to know if you are interested in this event, as Our goal is to provide the best learning to the students.

DETAILS OF THE EVENT-

Interested people will be given online certification course on one of the following topics:
1- **Digital Marketing**
2- **Entrepreneurship**
3- **Business Intelligence**
4- **Business Analytics**
5- **HR Analytics**
6- **Accounting & financial management**
7- **Guerrilla marketing**
8- **Equity Stock market concept , Investment risk & derivatives**

Above mentioned courses are Chargeable 1750/- per students including all the service taxes.

Duration of courses: 18 Hours (Schedule as per college convienient)

Evaluation process:

Students getting trained will be going through a selection process at the end of the training. they would be appearing in online evaluation test in our portal for they will get 50 Qus related to their subject for which only 30 mint time will be given .

Certification: All the participants will get two certification

1- E cell IIM Calcutta certification
2- Google partner Certification

Finale Round at ECell IIMC: 4 selected students will be participating in the final competition in E-Cell (IIM-Calcutta Event).

What you are going to get from this course?
· Earn an Industry recognized Certificate.
· Have a complete bird's eye view on how all the digital marketing/Business Analytics pieces fit together.
· Hands-on Projects to practice various concepts & tools, evaluated by your lead trainer.
. Students can access the session from anywhere without any hassle.
· Missed any session? Have the recording of that session with one year course access.
· Get weekly assignments to build confidence in applying the learning, to produce real results
· Hand-outs will be given to help you maximize the value of online session
· Learn how to convert prospects into customers by driving them through a sales funnel for the highest earnings.
· Beat the rising competition for enormous career
  sector
· Implement strategies - the super-secret way.
· Implement Digital Marketing in-house to save costs in your business.
· Increase Customer Value Optimization with this amazing strategy.
· Implement traffic "Heat" on Marketing efforts and see first-hand what no-one has realized about the impact on their business.
· Implement changes to your current digital marketing/Business analytics efforts that will generate leads and sales.

College Benefits :
2- College can Invite students from other colleges as well.
3- College will get the revenue sharing of 10%.
4- College will get the Excellence certificate.
5- Principal and HOD will get the Appreciation certificate.
6- Makeintern will provide internship assistance to all the participants.
7- All certificates can be verified through the unique code mentioned on certification.

Major Benefit: Internship Opportunities (www.makeintern.com)

What are the requirements?

· No prior digital marketing or technical knowledge is needed

· Any computer and internet access.

Venue:
- 1st Round------- At Selected Colleges
- Finale Round--- ECell IIM Calcutta
