FEEDBACK AND ACTION TAKEN REPORT (2019-20)

Feedback	Action Taken
A. Students	
<ul style="list-style-type: none"> Most students of the B.A program found the curriculum interesting and are opting for higher studies The B.A students suggested that practical skills should be incorporated 	<ul style="list-style-type: none"> The appreciation remarks were conveyed to the faculty in charge of Humanities by the Principal Matter discussed in the BOS meeting and practical's have been introduced in the course Mass Communication course from the academic year 2020-21.
<ul style="list-style-type: none"> The B.Sc(Life Sciences) Students felt that the curriculum is good to opt for higher studies but lacked in job opportunities at the UG level 	<ul style="list-style-type: none"> Matter discussed in the BOS meeting with the industry expert on introducing value added courses for skill enhancement leading to employability.
<ul style="list-style-type: none"> M.Sc(Biochemistry)&M.Sc(Microbiology) students are satisfied with their program. Felt the experiments conducted are job oriented. Suggested to add scientific writing and article writing & on speaking skills like seminars in the curriculum 	<ul style="list-style-type: none"> Appreciation remark was informed to the heads of the department of Biochemistry & Microbiology Steps taken
B. Employers	
<ul style="list-style-type: none"> FactSet Systems-Rated the employees satisfactory Indian Immunological Ltd-Suggested the need to improve practical knowledge along with theoretical knowledge which is more required in industry oriented responsibilities. Tenet diagnostics-Rated the students as good employees. Corteva Agriscience-gave an overall excellent rating to the employees 	<ul style="list-style-type: none"> All the appreciations & remarks were made known to the Faculty in charges
C. TEACHERS	
<p>MATHEMATICS</p> <ul style="list-style-type: none"> If possible can include calculus related topics to their understanding level 	<ul style="list-style-type: none"> Discussed in the BOS meeting as calculus related topics are already included
<p>GENETICS</p> <ul style="list-style-type: none"> syllabus is good 	<ul style="list-style-type: none"> Appreciations were made known to BOS members
<p>BIO-CHEMISTRY-</p> <ul style="list-style-type: none"> More Practical skills, Diagnosis, hospital visits, Visiting laboratories, Social interactions in villages, 	<ul style="list-style-type: none"> More field visits and skill development experiments were resolved to be done

(Dr. Y. ASHOK)
PRINCIPAL
 Bhavan's Vivekananda College of Science,

should be included	
MICROBIOLOGY • Syllabus adequate	• Appreciations were made known to BOS members
MASS COMMUNICATION • Syllabus is good.	• Feedback on the syllabus were made known to the BOS members
COMPUTER SCIENCE • Introduce Artificial Intelligence as a main course and not as an optional course	• Matter discussed and Artificial intelligence included in core course in BCA program
CHEMISTRY- • Overlap of syllabus from the intermediate courses	• Matter discussed and the subject experts thought it necessary to retain and teach the syllabus
D.ALUMINI	
B.A • Mass communication being a practical subject can involve more activities than theoretical.	• Practical's have been introduced in the course Mass Communication course from the academic year 2020-21
B.Com. Comp. • Please include IT subjects like python, java as there's need in market. • Should focus on encouraging pupil towards public speaking • Give more career guidance to students.	• Python introduced as a GE course • Students are encouraged to give seminars • Career guidance workshops - Inspire to aspire introduced
B.Com. Hon's. • Teach software like Excel • More of project oriented curriculum	• Excel has been introduced as a certificate course • Project in the final year of their curriculum
B.Sc. (Life Sciences) • Must give more practical knowledge and include industrial visits . • Innovative projects should be done during curriculum • Computational Chemistry should be a part of the grading system	• Industrial visits are included by all departments of life sciences • Projects are being done under the DBT star college scheme • Cheminformatics is introduced as an SEC course
B.Sc. (Physical Sciences) • Making the curriculum more practical would help face real time problems. • Maybe more focus in Computer Science topics.	• A number of new experiments and projects have been introduced with the help of aids under the star DBT star college scheme • Matter discussed in BOS Meeting
M.Sc.(Biochemistry) • It is going on very smoothly. Introduction of projects for MSc students would improve the chances of them getting accepted into a good university for further studies in abroad.	• Students have been assigned compulsory projects in their curriculum. • Appreciations conveyed to all BOS members.
M.Sc. (Microbiology) • Topics of competitive exams such as CSIR should be included • To provide more opportunities for project and creating a habit of reading research articles and journal in the UG level itself	• Students have been assigned compulsory projects in their curriculum. • Students are trained to use online library facilities and prepare for competitive exams. • Field visits are organized.

Feedback and Action – Taken Report		
Feedback	Action Taken	Authority
2017-2018		
A. Students		
1. The B.Com students suggested to increase the time gap between the last day of instruction and the semester end examinations.	The time gap is already implemented to a minimum of 10 days between CIA - II & SEE	Principal & Controller of Examination
2. The BA students requested for practicals in each course.	Matter discussed in BOS Meeting and referred to the management	Faculty In charge of Humanities & parent university Chairman Board Of Studies
3. The BA students asked for more reference books.	The faculty in charge has increased the budget for library books.	Faculty In charge of Humanities
4. Most students found the syllabus adequate and good.		
5. Some students asked for a break between each class.	Breaks are scheduled after every two classes	Principal
6. Suggestions were made to keep two sports classes in the curriculum per week.	Sports activities are encouraged after college hours	Head Department Of Sports

DR. Y. ASHOK
 PRINCIPAL
 Bhavan's Vivekananda College of Science
 Sainikpuri, Secunderabad
 Affiliated to Osmania University, Hyderabad

7. Alternate semester Backlog system..	Academic council gave the guidelines for back log papers only in even semester.	Principal & Controller of Examination
8. Overlapping topics between different courses and different semesters (within the same program) should be replaced with new topics.	Care has been taken to avoid the overlap.	Heads Of Departments, Chair person Board Of Studies
B. Parents		
1. Curriculum should include more of practical things than theoretical courses	Syllabus has been designed taking into account the required number of theory and practical courses as per UGC guidelines.	Heads Of Departments, Chair person Board Of Studies
2. Faculty should communicate with the students as much as possible.	All the teachers have been communicated in the staff meeting by the Principal.	Principal
3. Give at least 2 days gap between each course in semester examination	2 days gap is provided between each course in the time table	Principal & Controller of Examination
4. Utilize technology for better understanding of topics.	Power point presentations,,Khan academy classes,etc. are shown to the students	All teaching faculty
C. Alumni		
1. It's a good curriculum, very supportive teaching staff	Notified to the teachers	Principal
2. Fieldtrips would work much better.	More field trips are introduced in the curriculum	Heads Of Departments, Chair person Board Of Studies

<p>3. Importance should be given to teaching programming languages like R, python etc which are much more useful in finding jobs and in higher studies in the present time compared to languages like C and Java. Also importance should be given to teach topics to prepare students to find jobs based on statistics and not just computer science. Topics related to data science should be introduced.</p>	<p>Python ,R language are added as SEC and GE course</p>	<p>Heads Of Departments, Chair person Board Of Studies</p>
<p>4. I'm sure the curriculum has changed now. But, back when I was a student, it was quite adequate for me to pursue further studies.</p>	<p>Notified to the teachers.</p>	<p>Principal</p>
<p>5. Computer subjects always should change based on market demand</p>	<p>Apt courses have been introduced as SEC and GE courses and the changes are minuted in the BOS.</p>	<p>Heads Of Departments, Chair person Board Of Studies</p>
<p>6. Good teaching staff and friendly environment</p>	<p>Notified to the teachers.</p>	<p>Principal</p>
<p>7. Apart from the curriculum, students should be exposed to soft skills, building strong communication skills, etc which will help them in the immediate future (if they choose to go through placement for jobs)</p>	<p>Campus Recrutimemt Training (Soft Skills) Classes are added as value courses for PG & UG students which will help them for facing interviews.</p>	<p>Principal & members of Recruitment Cell</p>

(Dr. Y. ASHOK)
 Head of Department
 Department of Computer Science
 Anna University, Chennai
 Tamil Nadu, India

D. Industry		
1. JPMorgan Chase & Co, Infosys limited, IOB, Wells Fargo found the syllabus adequate and did not have much say about the curriculum.	Notified to the teachers.	Principal
2. Sanofi (Shantha Biotech Ltd)- Practicals to be repeated few times to explain reproducibility	Similar practicals are conducted so that students gain hands on experience on the concepts	Heads Of Departments, Chair person Board Of Studies
3. NFCL- Visit to local biotechnology companies / institutes to get better idea in these areas.	Field trips are not a part of the curriculum, yet the students are taken every year for field visits to various companies	Heads Of Departments, Chair person Board Of Studies
