REPORT

A S Rao Awards Council workshop

04/06/2018

We Mrs.T Sai Santoshi and Dr.GSVRK Choudary faculty members from Department of Physics and Electronics, Bhavan's Vivekananda college, Sainikpuri submit the following report on 19th Residential Science Workshop organised by Dr. A.S Rao Awards Council from 28th April to 3rd May 2018 at VIKAS Concept school.

The Aim of the Workshop was to inculcate the experimental skills coupled with analysing ability and understand the concepts of Basic Sciences at young age. The students are also exposed to lectures given by eminent personalities working in Basic Sciences. The students of 9th class from various schools in Telangana and Andhra Pradesh were selected through talent search examinations and were invited for the residential workshop. A total of 57 students (35 from private schools and 20 from government school) were divided into four groups. One group of 16 students were allotted to us to carry out projects in Physics,

We along with the help of 4 students (Mr M. Nikhil, Ms V. Vaishnavi, Ms.Manasa Usha, Ms.G.S. Meghana) from MPCs III yr and 2 students (Mr.Vishal and Ms.Nikhita)) from MECs III yr have successfully completed the task assigned to us.

This the first time the students from our college participated in this Workshop which gave them a good experience.

The Department of Physics and Electronics has also supported the council with necessary equipment for carrying out the science projects in Physics.

We thank the Management of Bhavans Vivekananda College and Dr.A.S. Rao Awards Council for giving us this opportunity to interact with young minds.

Dr. GSVRK Choudary

Dr G SV R K Choudary

Report of AS Rao Award council –Science Talent Search -Summer camp/Out reach Programme

Department of Microbiology had conducted five day(26th April – 1st of May) summer camp /Outreach programme in biology for shortlisted school children of 9th & 10th standard in Science Talent search for AS Rao Award programme . This was organized Dr. Nageswar Rao and other council members at Vigyan concept school at Miyapur . Dr.K. Anuradha , Head ,Department of Microbiology, faculty members - Dr.J.Sarada, Dr,Y.Aparna, and Dr.S.Shalani Devi organized the programme with P.G students Ms. Hema Latha, S.Sowjanya and M.Harsha Vardhan and Mr. Srinivas for Biology students. Student participants were from Government and private schools in Telangana and Andhra Pradesh and were very keen in taking up higher education in Biology.

On 26th April morning Out reach Programme started with Inaugural after which students were divided according to the subject. Day one activity was on Food adulteration where students tested the quality of milk samples and Honey .Later students performed salivary amylase test to understand its role in food digestion.

Second day i.e on 27th students tested pH of common beverages water and other samples and calculated BMI for all participants in the summer camp. On 28th experiment like Osmosis was performed by the students in which they have learnt the principle and applications of Osmosis. After lunch break they worked on Paper chromatography technique to separate the pigments /coloured dyes. Every day at the end of the session students had rapid fire ,just a minute ,quiz games which helped them to remember the concepts learnt in the programme.

Fourth day in the camp started with Blood typing for all the participants and Estimation of hemoglobin by sahilis method. Children enjoyed doing blood grouping for their friends and they also made an analysis of number of anemic people in the camp after estimation. Fifth day we had acid base titration technique with their applications .students were also demonstrated with DNA extraction, Microbiological cultivation and Staining of bacterial cultures. Children were made to play scientific anthakshari and solve the riddles in science

Last day i.e on 1st May ,we had report writing and presentation summarizing student activities and presented their observations as Poster to the trainers.

A Report

A 2-day workshop was held on March 9 and 10, 2018, at the School-College run by TSWREIS (Telanagana Social Welfare Residential Educational Institutes Society) at Domakonda, Kamireddy. This workshop, called TOT 2018 (Training of Trainers), aimed to train around 100 newly recruited college lecturers for colleges run by the Telangana Welfare Society.

Morning sessions were devoted to lectures and discussions about key topics on how to set up laboratories and prepare/procure reagents and equipment (preparation of stock solutions, data analysis). Afternoon sessions were devoted to laboratory work to learn basic techniques (microscopy, electrophoresis, etc.) and methods (protein estimation).

Dear Sir,

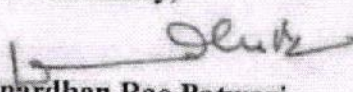

Sub: Invitation to act as Resource Person during Two Days Workshop on Training of Trainers (9th to 10th March, 2018) at TSWRDC, Domakonda, Kamareddy – Req-Reg.

With the support of Telangana Social Welfare Residential Educational Institutions Society (TSWREIS), we are organizing Two Days Workshop on Training of Trainers (TOT-2018) from 9th to 10th March, 2018 at Telangana Social Welfare Residential Degree College for Women (TSWRDCW) for establishing life science laboratories and effective conducting of practical's at TSWRDCW. The teachers belonging to Life Science Departments (Botany, Zoology and Microbiology) of TSWRD Colleges across the Telangana State running under TSWREIS will undergo training during TOT-2018. We express gratitude for the consent given by you on telephonic conversation. We are pleased to invite you as a Resource Person for the TOT-2018 workshop. In this regard, we request you to make it possible to attend and deliver lecture related to workshop on TOT-2018.

In this regard, we request the Principal of the concerned college to relieve the resource person.

Thanking You,

Yours Sincerely,

Janardhan Rao Patwari
(Principal)

Pollution Check (24-02-2018)

The Department of Genetics and Biotechnology organized a pollution check campaign on 24th February, 2018, with an objective of educating vehicle owners on the importance of pollution control.

The students and faculty of the Life Science Department were actively involved in this program. The event began at 1:00 pm. Many staff and students, who commute to college by their own two & four wheelers, got their vehicles checked. The RTA approved pollution check agent checked a total of 105 vehicles, including 98 two wheelers & 7 four wheelers.

The enthusiasm, diligence and hard work of the members of the greENERGY club were appreciated by one and all.

నేరేడ్ మెట్, పిభవరి 17 (ఆంధ్రజ్యోతి): ట్రాఫిక్ నిబంధనలు పాటిస్తే రోడ్డు ప్రమాదాలను నివారించవచ్చని మల్కాజిగిరి ట్రాఫిక్ సీఐ బీ ప్రవీణ్ కుమార్ అన్నారు. శనివారం నేరేడ్ మెట్ డివిజన్ పరిధిలోని డిఫెన్స్ కాలనీలోని భవన్స్ డిగ్రీ కళాశాలలో రాచ కొండ సీపీ ఆదేశాలలో భాగంగా మల్కాజిగిరి ట్రాఫిక్ పోలీసుల ఆధ్వర్యంలో నిర్వహించిన ట్రాఫిక్ నిబంధనలు అవగాహన కార్యక్రమంలో ఆయన పాల్గొన్నారు. ఈ సందర్భంగా ఆయన మాట్లాడుతూ విద్యార్థులు డ్రైవింగ్ లైసెన్స్ లేకుండా వాహనాలు నడపాద్దన్నారు. రాష్ డ్రైవింగ్ చేయవద్దని, రోడ్డు బ్రద్రతా నిబంధనలు పాటించాలన్నారు. అనంతరం డ్రగ్స్ వాడకం వలన కలిగే నష్టాలను వివరిస్తూ మరోలోకం పార్ట్ పిల్స్ను ప్రదర్శించారు. ట్రాఫిక్ అవగాహన వీడియోలు ప్రదర్శించారు. ఈ కార్యక్రమంలో డిగ్రీ కళాశాల పిన్సిపాల్ ప్రొఫెసర్ అశోక్, కళాశాల లెక్చరర్లు డాక్టర్ జ్యోతినాయర్, జీఎస్ మిని, డాక్టర్ వీ వేణుమాదవ్, ఎన్సీసీ విద్యార్థులు, ట్రాఫిక్ ఎస్ఐలు, సిబ్బంది పాల్గొన్నారు.

Free Health Camp

17-2-2018

The Department of Biochemistry organized a free health check-up for staff and students of the college in collaboration with Apollo Hospitals Enterprise Ltd on 17th Feb, 2018. The camp included the free services of checking blood pressure, random blood sugar, ECG and free consultations from the doctors of various specializations like Gynaecology, Pulmonology, Orthopaedic, Dermatology, Dental, Nutrition and diet planning. About 120 staff members and 171 students availed these free services. The camp was well received and got appreciated by the staff and students for having multi-speciality services at one place.

Free health check up for students and staff in collaboration with Apollo Hospitals

Outreach Program-Meet the Scientists

Bhavan's Vivekananda college ,Department of Microbiology On Saturday organized an event "Meet the Scientists" for science teachers and students at +2, UG and PG levels on , 27th January 2018. This event was a part of the outreach program organized by the International Congress on Cell Biology 2018,Hyderabad. This was the first-ever joint meeting of FCB (International Federation for Cell Biology), APOCB (Asian Pacific Organization for Cell Biology), and the Indian Society of Cell Biology (ISCB). The ICCB was organized by Centre for Cellular and Molecular Biology, (CCMB). Principal Prof.Y .Ashok, appreciated the initiative for conducting an outreach program at Bhavan's Vivekananda college and applauded the scientists for sharing their knowledge . There was an overwhelming response of 100 participants that included teachers and students of various institutions in twin cities. Teachers and students had a chance to interact with two eminent scientists, Prof. Margarete Heck and Dr. Mukund Thattai, who shared their personal journeys in Biology and spread the excitement of science. The teachers and students actively interacted with speakers Outreach Program addressing issues related to biology and its prospects

Report on AIDS Day rally-1st December 2017

13.Nss unit rallied on 1st December 2017 as part of World Aids Day. Volunteers created awareness on AIDS and other health issues. The rally started at 8:30am and continued till 11:30am.35 volunteers took part in the program.All the volunteers were gathered in the college by 8am. We were divided into four teams. All the volunteers were in standing position to take rally with respective placard with a slogan written on it.We were shouting as much as possible to bring the awareness on AIDS and we covered 3 streets .i.eSainikpuri, Defence colony and Vivekananda Puram.

Date: 17.08.2018.

To,

The principal,
Bhavans Degree college,
Defence colony, sainikpuri.
Hyderabad.Telangana.

Sub:-permission required for Safety Raiding Activity for 3 to hrs. any day from 21.08.2018 to 28.08.2018.

Respected sir,

We are representing M/S Fortune Motors (P) Ltd located in MG road, sainikpuri, Ecil, Marredpally, SP road, Malkagari, Balaji Nager, Boiguda and Darushifa.
We deals in Sales, Service, Spares and Safety. We are No.2 dealership in Honda 2 wheeler in All over India.

We would like to do the safety raiding activity in your prestigious college. The trainer will come from HONDA to train the student in this regards.

Now a days everybody is using two wheeler but they don't know how to use it correctly and what are the precaution they have to take to make a ride, A SAFE RIDE.

We assure you we will not disturb your day to day routine. It's a social cause because wherever we did this kind of activity people says it's a very good cause, we are not going this activity to create any fear in their mind.

WE JUST WANT TO REALISE THEM TO THINK BEFORE DOING ANY STUPID ACT THAT "SOMEBODY IS WAITING FOR THEM....."

We will bring 2-4 vehicle for practically and a simulator to explain theory.

Thanks and Regards.
R.Rajkumar
9948888085.

Sub: Permission on 24-11-2017 for Female Safety activity at your college premises – reg.

Respected Sir,

As you know we are the regular participants at your Collage Cultural Activities, also we want to continue in long term. We are looking forward for your support in this noble cause of Promoting Road Safety Activity . Your participation in our journey to enable our female safety.

Thanking You,
With Regards
For FORTUNE MOTORS.PVT LTD

SECUNDERABAD

Dear Sir / Madam,

Safety Riding Training
for Female students & Teachers

SUB: Please give us permission on 24-11-2017 for female safety activity at your collage promiscuous.

Honda, as you know is the world renowned automobile manufacturer and is known for its superior technology worldwide. Honda follows Safety as integral part of our all its business activities & aims to support and enhance its role to create awareness for road safety and environment, specially for Females students; 'the next generation'.

Honda Motorcycle & Scooter India Pvt. Ltd. (HMSI), is a 100% subsidiary of Honda Motor co. Japan, having its Head Office at Manesar, Gurgaon. HMSI is promoting Safety Riding aggressively in India through its dealers, Traffic Police, SIAM, RTO'S & active participation from various schools & colleges.

In India more than 4.3 lac accidents occur annually & Adults are involved in 50% of road accidents in the country. Since children & Adults both are more prone to accidents, efforts need to be made to organize various road safety activities in a sustained manner for safety of awareness and precaution of accidents.

Our objective is to actively engage with the colleges and thus educate the females on various aspects of 'road safety' through our Riding Training workshops.

We conduct safety programs of Two wheeler learning for females of 18 Yrs & above.

For Female Students/Teachers

Specially designed presentation for females We also have special female Instructor which will provide practical training to all females.

The Females will be shown a presentation on Road Safety. We will also bring a Two Wheeler Simulator (Riding Trainer) with us and training will be provided to all females.

The Honda Riding Trainer is a state-of-the-art, compact, computer driven machine that puts riders in real life road traffic situations through a wide variety of options.

On-the-spot competition will also be organized to further stimulate their interest levels in the above mentioned issues.

Similar programmes have been conducted for other colleges around the Country also.

We propose to organize the above mentioned workshop for your all females at your college premises.

Our team will visit your College and meet the concerned official as soon as we received your consensus and assistance to take this mission forward.

We look forward to your support in this noble cause of promoting Road Safety on roads & your participation in our journey to enable our Female safer & to make them independent on the roads for their daily commuting needs.

Thank you very much.

Looking forward to a positive response at the earliest.

With kind regards,

Yours faithfully,
Fortune Honda
MG Road, Sec-Bad.
A. Anthony

Subject: Regional Children's Science Congress

Dear Sir,

The Navodhaya School at Gopanpally, Hyderabad is organizing the Regional Children's Science Congress between 14th and 18th November. The University of Hyderabad is hosting it. As a part of the program, we would like to organize an event where scientific principles will be demonstrated through simple experimnts to children. This will provide hands-on experience of science in everyday life and enthuse children into thinking about scientific principlrs that operate around us.

A couple of years ago, students of your college had done a similar program for the AP Science Congress at the Univerisy of Hyderabad. This was done under the able guidance of Dr. Vidya Jonnalgadda and was a great success.

I would like to request you to support this event by conducting a similar event. The event is scheduled for the 18th of November , forenoon session. We will provide all the consumables that are required and all arrangements at the venue for operation. Transport and a certificate of appreciation will be provided for your support.

Thanking you in anticipation

Sincerely,

Prof. Krishnaveni Mishra

Regional science congress 2017

Report

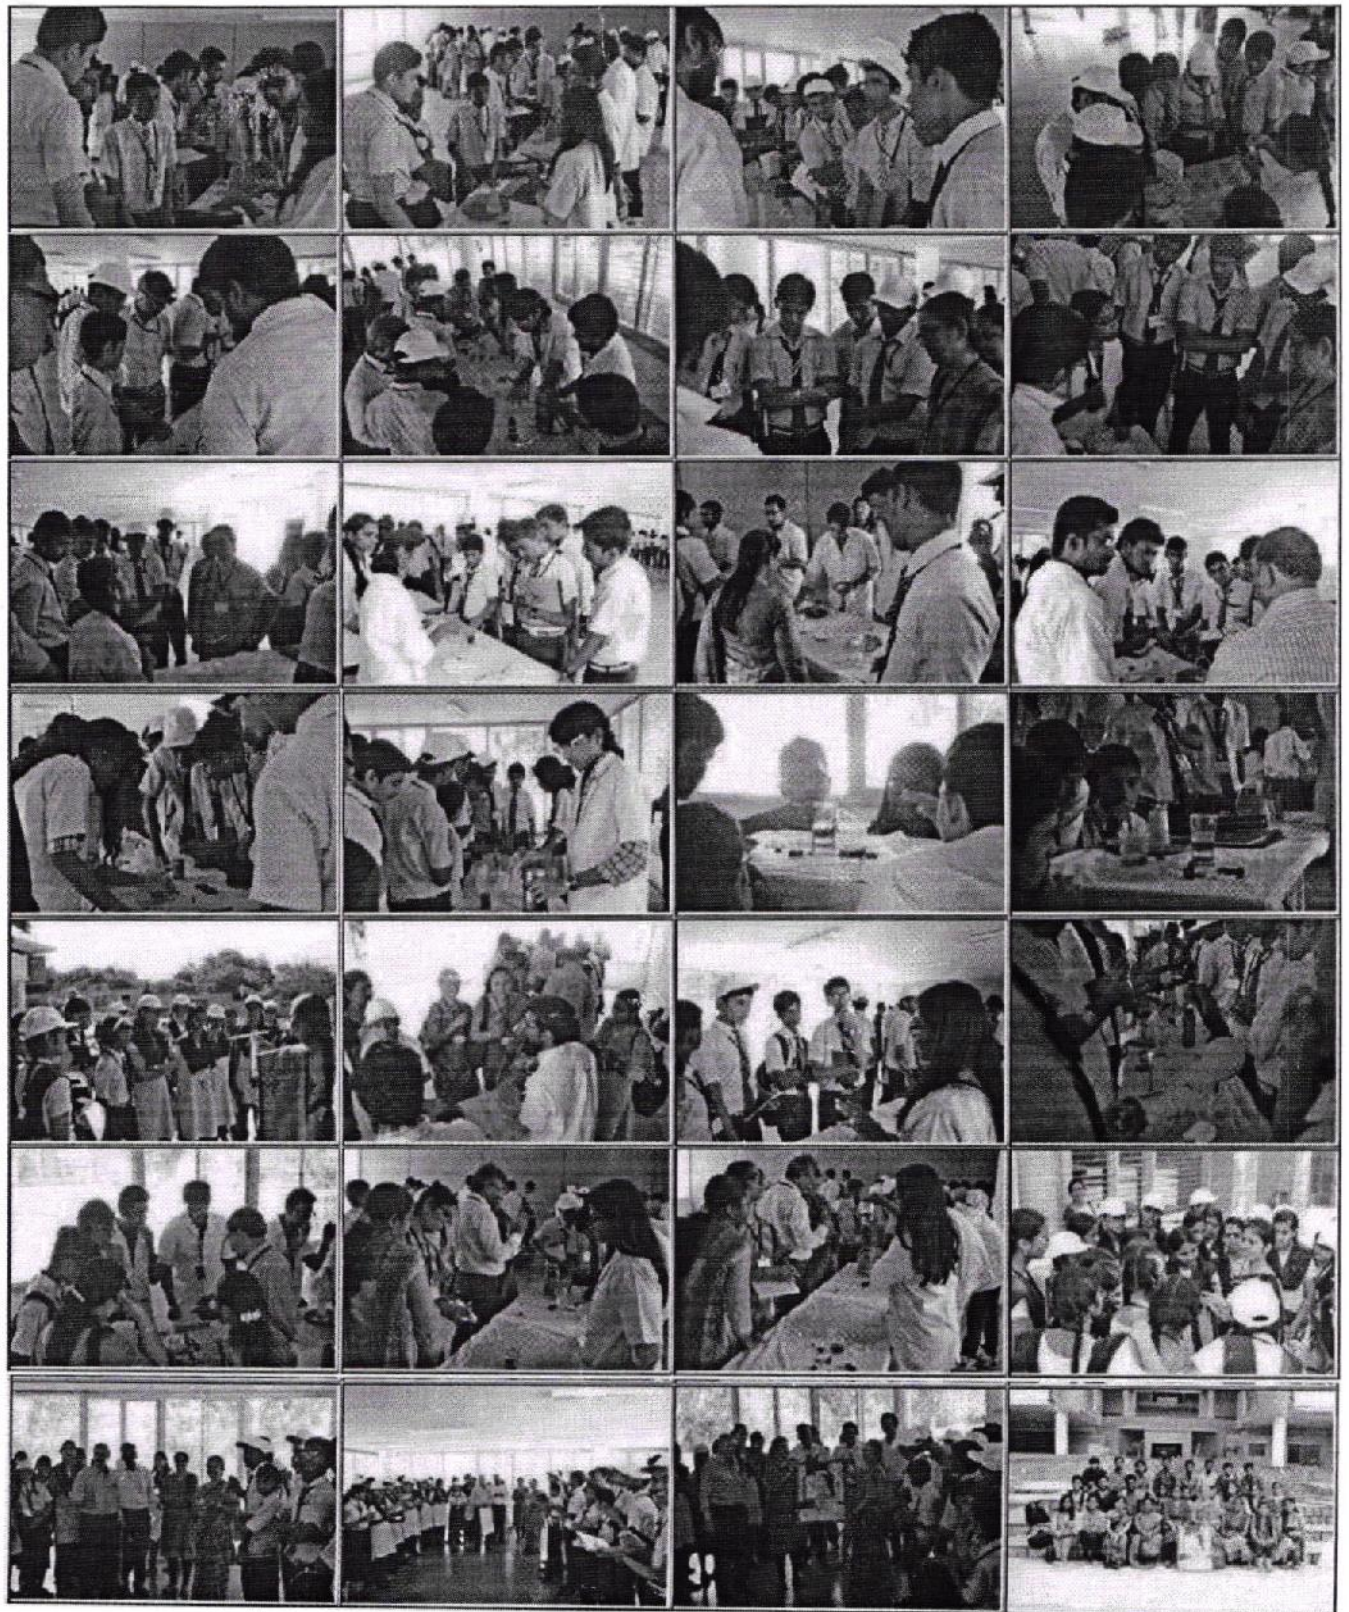

Department of Microbiology co ordinated the scientific demonstrations program at Regional Science Congress that was organized on 18.11.2017 at Hyderabad Central University. As part of this event scientific demonstrations were done for Navodaya School students 9th and 10th classes by selected team of students from B.Sc Final (MGC and MBIC) Bhavans Vivekananda College.

Resource person: Dr.J.Vidya

Head of the Department
Department of Microbiology
Bharatiya Vidya Bhavan's Vivekananda College
Sainikpuri, Secunderabad - 500 094.

Regional Science congress 2017

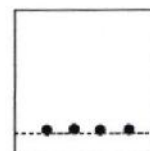

Protocols for Hands-on Activities for Children's Science Congress

Activity 1: Quick Chromatography

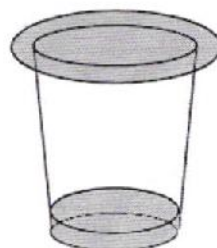

1. Measure the circumference and height of the plastic glass or beaker that will be used as the chromatography chamber.
2. Pour solvent (plain water / some defined mixture of water:methanol or water:methanol:acetic acid) to a height of ~ 5mm in the chamber. Use a 1 mL syringe to measure the liquids.
3. Cover the chamber with a lid (plastic petri dish).
4. Cut a piece of filter paper to form a rectangle with width = 1 cm less than the circumference of the chamber and height = 1 cm less than the height of the chamber.
5. Draw a fine pencil line 1 cm from the width of the paper. This will be the bottom edge of your 'chromatogram'.
6. Make small but intense spots of color on the line using marker pen. Note the color of each dot using a code (e.g., R = red, Y = yellow; write everything with a pencil near the top edge of the paper).
7. Staple or pin together the height-edges of the paper to make a cylinder of paper.
8. Place the paper cylinder (with the color spots at the bottom) in the chamber. Make sure the paper is not touching the walls of the chamber and the spots are not be submerged in the liquid.
9. Wait till the liquid rises over the paper to almost the top. Take out the paper, take out the pins/staples. Allow to dry.
10. Note the distance traveled by solution and distance traveled by the colored spots.

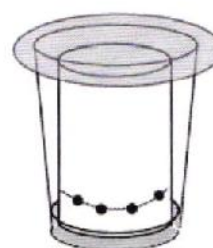

Measure circumference and width of chamber

Cut the rectangle of paper. Make spots with color pens

Pour some liquid into chamber. Cover with lid.

Roll paper into cylinder. Place in chamber.

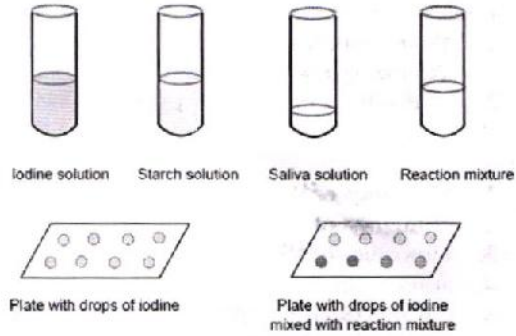

Worksheet for chromatography:

Experiment no.	Solution (ratios)	Spot #1	Spot #2	Spot #3	Spot #4	Spot #5	Spot #6
1.							
2.							
3.							
4.							
5.							
6.							

Protocols for Hands-on Activities for Children's Science Congress

Activity 2: Activity of salivary amylase

1. Take a 1% starch solution (Dissolve 1 g starch in 100 mL hot water). The % of starch is not very critical – a little more or less is quite OK.
2. Using a 1 mL syringe, make 10 well-spaced drops of 0.1 mL of iodine solution on a white tile or a set of glass slides.
3. To the first drop add 0.1 mL of starch solution; it should turn blue-black (this shows your solutions are 'working' as expected).
4. Mark the level of 0.5 mL in a test tube (use a clean 1 mL syringe and water). Collect saliva to this mark (now you have 0.5 mL of saliva).
5. Add 4.5 mL of water or a solution of dilute citric acid or lime (choona). Mix well. This is your enzyme stock.
6. In a plastic cup, mix 1 mL of enzyme with 1 mL of starch solution; this is your reaction mixture. Note the time.
7. Every 30 sec., mix 0.1 mL of reaction mixture with a drop of iodine solution on the tile, Mix with a clean (freshly washed) toothpick. Note the time it takes for the starch to be digested (no blue-black color produced when mixed with iodine).

Worksheet for amylase activity:

Volume of saliva			
Mixed with substance (and volume)			
Time from mixing	Color of spot	Color of spot	Color of spot
0.0 min.			
0.5 min.			
1.0 min.			
1.5 min.			
2.0 min.			
2.5 min.			
3.0 min.			
3.5 min.			
4.0 min.			
4.5 min.			
5.0 min.			

Protocols for Hands-on Activities for Children's Science Congress

Activity 3: Calculate your BMI

Measure:

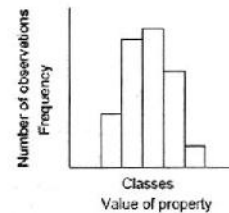

1. Your height in cm
2. Your weight in kg
3. Circumference of your upper mid-arm (UMAC) in cm.

Draw:

1. Histogram of height.
2. Histogram of weight.
3. Histogram of UMAC.
4. Scatter plot of weight vs height; use different colors for boys and girls.
5. Scatter plot of height vs UMAC; use different colors for boys and girls.
6. Histogram of BMI; Box and Whiskers plot of BMI of boys and girls.

To draw histogram:

1. Note the lowest and highest reading for the property to be plotted.
2. Subtract former from latter to get 'range'.
3. Divide range into 5 equal parts, or 'class intervals'. You can round off to nearest integer to get equal-sized 'classes'.
4. Note the number of persons in each class interval, or 'frequency'.
5. Mark class intervals on X-axis. Construct rectangles with height proportional to 'frequency'.

To draw scatter plot:

1. Note the lowest and highest reading for both properties to be plotted.
2. Label the X- and Y- axes using a suitable scale.
3. For each reading, make one dot (with appropriate values corresponding to the X- and Y- axes).

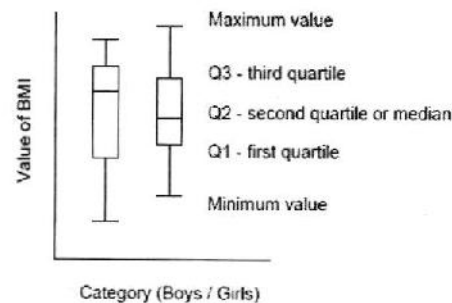

To calculate BMI:

$$BMI = \frac{\text{Body mass (kg)}}{\text{Square of height (m}^2\text{)}}$$

To draw box and whisker plot:

1. Arrange the reading in an ascending order.
2. Locate the mid-value or 'median'; this value divides the data set into two sets with equal number of readings (50% of readings are below the median value and 50% of the readings are above the median value). The median is also called the Q2 (second quartile).
3. For each of the two sub-sets, locate the mid-values. The mid-value of the first set (with values lower than median) is called Q1 (first quartile). The mid-value of the second set (with values higher than median) is called Q3 (third quartile).
4. Note the minimum and maximum values.
5. Draw the box of the box plot with ends at Q1 and Q3. Draw a line across the box at Q2. From the mid-points of edges of the box, draw whiskers to mark the minimum and maximum values.

Protocols for Hands-on Activities for Children's Science Congress

Activity 4: Measure your Resting and Elevated Pulse

1. Measure your resting pulse for 3 consecutive 30 sec. periods.
2. Run or jog or jump for 30 sec., or 60 sec., or 90 sec. (note the time).
3. Measure your pulse for consecutive 30 sec. periods until it returns to resting rate (for at least 60 sec.).
4. Plot your reading (time on X-axis; pulse rate on Y-axis; you can convert to % of starting rate).
5. Compare your readings with at least 4 other persons and answer the following questions:
 - a. What is the average resting pulse rate?
 - b. Does pulse rate increase with activity?
 - c. Does type of activity (running versus jogging versus jumping) affect pulse rate?
 - d. Does increase in pulse rate depend on how long you were active?
 - e. Does the time taken for pulse rate to return to normal depend on how much higher it was at starting point?

Worksheet for pulse rate:

	1	2	3	4	5
Name					
Resting pulse 1					
Resting pulse 2					
Resting pulse 3					
Type of activity					
Duration (sec.)					
Pulse count 1					
Pulse count 2					
Pulse count 3					
Pulse count 4					
Pulse count 5					
Pulse count 6					
Pulse count 7					
Pulse count 8					
Pulse count 9					
Pulse count 10					

Protocols for Hands-on Activities for Children's Science Congress

Activity 6: Quick Titration

1. Measure 0.5 mL or 1 mL of base solution into the plastic cup (use a clean 1 mL syringe).
2. Add a drop of indicator phenolphthalein to the base; it should turn deep pink.
3. Fill a clean 1 mL syringe with acid solution.
4. Add the acid drop-wise to the base solution. Mix the solution in the cup by gentle swirling. Keep adding acid just until the pink color disappears. Note the amount of acid required to neutralize the base (in case more than 1 mL is required, refill the syringe with acid).
5. Repeat the titration by switching the solutions: take acid in the plastic cup and add indicator (solution will remain colorless), and titrate with base taken in syringe (note the amount of base required for solution to just turn pink).

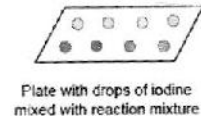

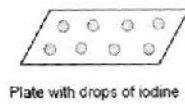

Worksheet for titration data:

Experiment no.	Substance in cup (acid/ base)	Volume in cup (mL)	Substance in syringe (acid/base)	Volume added for neutralization (mL)
1.				
2.				
3.				
4.				
5.				
6.				
7.				
8.				
9.				
10.				

Calculations: strength x volume of acid = strength x volume of base

If strength of acid = 1N; strength of base =

- solution on a white tile or a set of glass slides.
- To the first drop add 0.1 mL of starch solution; it should turn blue-black (this shows your solutions are 'working' as expected).
 - Mark the level of 0.5 mL in a test tube (use a clean 1 mL syringe and water). Collect saliva to this mark (now you have 0.5 mL of saliva).
 - Add 4.5 mL of water or a solution of dilute citric acid or lime (choona). Mix well. This is your enzyme stock.
 - In a plastic cup, mix 1 mL of enzyme with 1 mL of starch solution; this is your reaction mixture. Note the time.
 - Every 30 sec., mix 0.1 mL of reaction mixture with a drop of iodine solution on the tile. Mix with a clean (freshly washed) toothpick. Note the time it takes for the starch to be digested (no blue-black color produced when mixed with iodine).

Activity 8: pH of common substances

1. Make a solution / juice / soft paste of the substance.
2. Place small drop of it on a slide or any other clean surface. Soak it using a piece of pH paper and note change of color.
3. Note the pH based on color scale.
4. Display your results as a graphic.

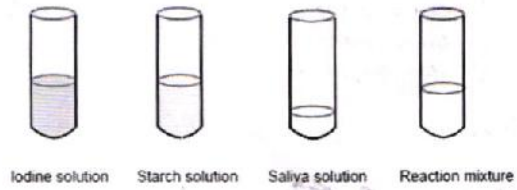

Worksheet for pH data:

Activity 2: Activity of salivary amylase

1. Take a 1% starch solution (Dissolve 1 g starch in 100 mL hot water). The % of starch is not very critical – a little more or less is quite OK.
2. Using a 1 mL syringe, make 10 well-spaced drops of 0.1 mL of iodine

Protocols for Hands-on Activities for Children's Science Congress

Activity 10: Mass and weight

1. Use a spring balance to measure the weight of a small, water-proof article in air (or place in plastic bag before weighing).
2. Measure the weight of the same object after complete immersion in water.

Challenge:

Explain the relationship between mass and weight.

Worksheet for noting weights:

Object no.	Description	Weight in air (g)	Weight in water (g)	% change

Abhyas Report:

10th October 2017... Our first visit to 'Grace Orphanage', which is a home for underprivileged children of all ages. It is located at Neredmet 'X' Road, Sainikpuri and is run by Mr. Victor Emmanuel.

Our arrival was greeted by all the little kids and few volunteers of the orphanage. Our presence made them cheer with happiness and they welcomed us with open arms.

Abhyas members distributed eatables and then interacted with the children to know more about their lives and future goals. Later the team conducted few games and also taught them few activities like singing, dancing, drawing, English speaking .

Everyone had a great time and the event was successful.

To,
Abhay's club

Date: 10 - 10 - 2017

Greetings from Grace social and educational society,

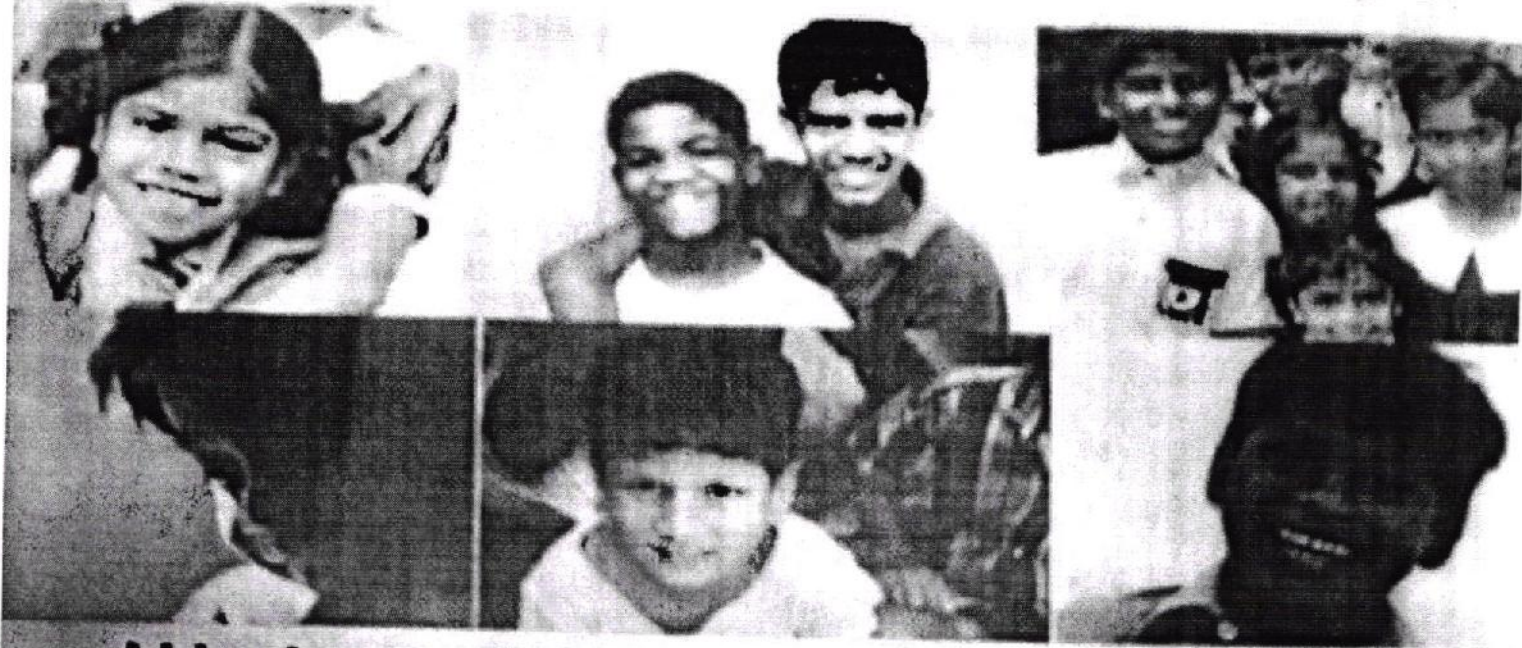

We are happy to express our thankfulness with the heart of the gratitude for your love, concern and Remarkable support towards us; Your kind gesture to our orphanage recently has brought cheers on faces and almost felt like family atmosphere and even loved your companion very much which brought the positive impact on our life styles.

We all the children as a family praying for you and your families for your well being, prosper and success. Looking forward with an expectation that you will visit us again and your continue support will really change our life into fullness.

Thanking you
Grace Children Home

WELCOME!

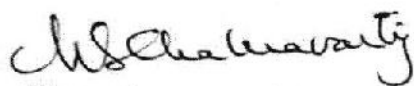

We're Glad You're Here

Abhyas Report:

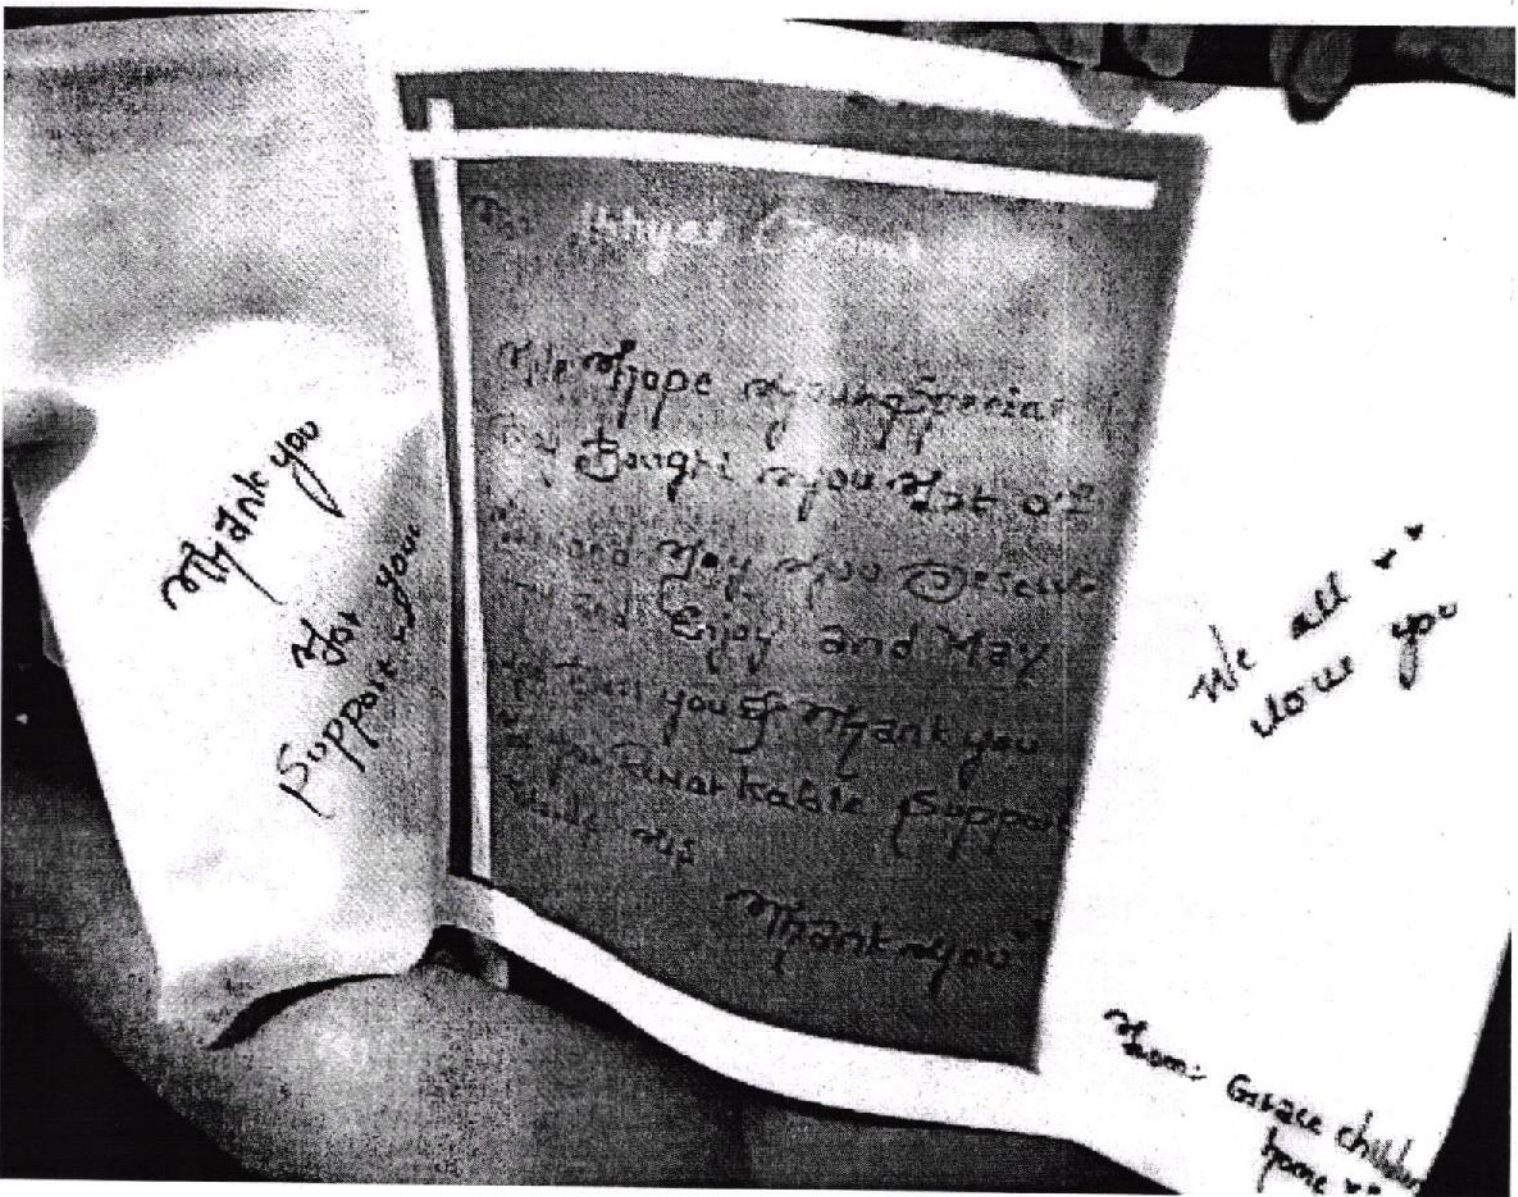

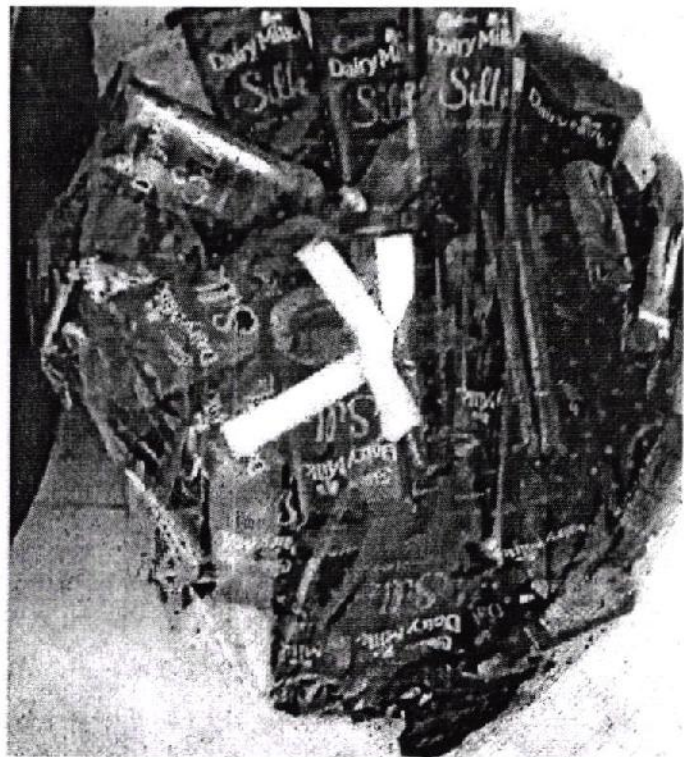

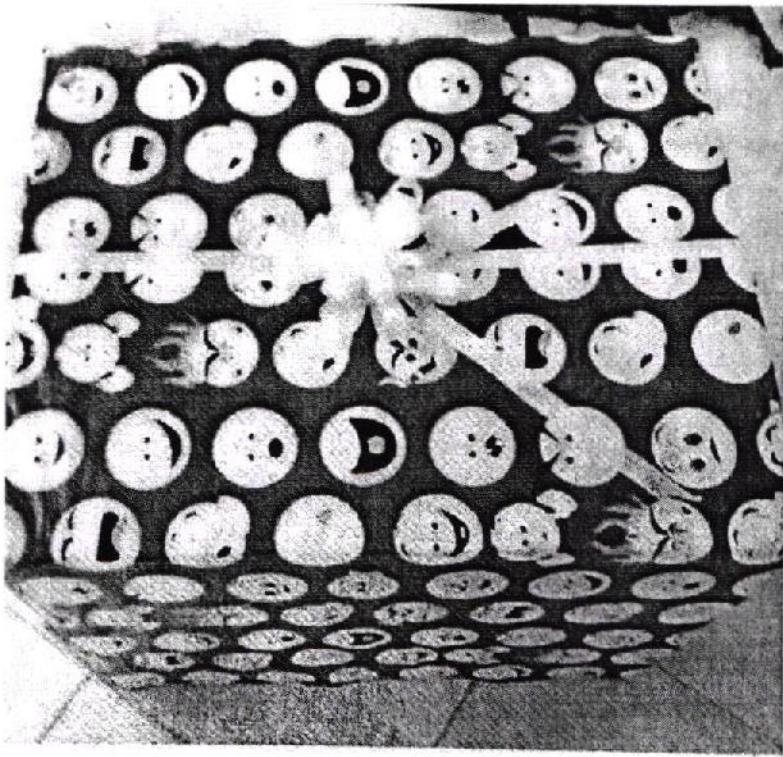

The shared Happiness....

Happiness doubles when we share it with someone. We the members of Abhyas club experienced this 'Understatement' when we celebrated the festival of Lights and happiness with our beloved brothers and sisters at the 'Grace Orphanage'. We call it as an understatement as we experienced the happiness multiplying limitlessly to see the smiling faces of the kids when we distributed chocolates and new clothing as Diwali gifts. The kids and the members of Abhyas together performed dandiya and enjoyed the day.

**Sub: Request for conducting SWACHH BHARATH ABHIYAN in your college –
permission - Reg.**

Sir,

As we all know that with the intimation of Swachh Bharat Abhiyan, by our Honorable Prime Minister of India Shri. Narendra Modi, whole India united in this cause and contributing at their best to bring the country into a Swachh Bharath.

Hence, everyone should be aware of their locality at least in cleanliness and hygiene. We must take initiation in cleaning our house and surrounding as far as possible. By doing so, we can make our whole country clean and green by 2010.

In this regard, we are seeking your permission to conduct Swachh Bharath campaigning in collaboration with NSS unit of your college on 18th September 2017.

Thanking you With Regards

(A B Prabhu Raj)

OUTREACH PROGRAM 2017-18

Department of Physics & Electronics conducted an outreach program to IX and X class students of ZPHS-Yapral, Secunderabad, on 16th September 2017. A total of 15 students from BSc MPCs and MECs participated in the program and faculty members Mrs.P.Lavanya and Mrs.T.Santoshi accompanied the students.

Concepts in light, heat, electricity and magnetism were explained through power point presentations, oral and experimental demonstrations. The school students enjoyed the session and the school administration was very happy with us as the program became very successful by teamwork.

Health Camp

A Health camp was conducted by the Department of Biochemistry on 12th and 13th of September, 2017 for the staff and students of Bhavan's Vivekananda College. The camp was organized in association with Vimta labs. As a part of the camp various blood parameters like glucose, lipid profile, liver profile, kidney profile, complete blood count, thyroid profile, vitamin D and vitamin B12, were investigated. Complete health checkup panel, Master health checkup panel and Extended health checkup panel were included in the list of tests done. About 33 staff members and 43 students got their tests done for various panel of tests. The health camp was successful in helping the staff and students to monitor their health status and make necessary corrections in terms of diet or clinical help from a doctor.

Report on sale of Green Ganesha held on 24th August 2017

The greENERGY club organized the sale of clay Ganeshas as a part of Green Ganesha program. The highlight of the program was that the clay Ganesha idols had seeds embedded inside. The idea was to encourage immersion of Ganesha in bucket followed by putting the clay in pots so that the seeds germinate. This was taken up to spread awareness to save lakes. The event was organized on 24th of August 2017, on the eve of Ganesh Chaturthi.

Students and staff were encouraged to purchase the clay 'seed' Ganeshas which were given away in ecofriendly paper bags. About 80 clay Ganeshas were sold. The first idol was bought by the Principal of BVC. The event was very successful owing to the active and enthusiastic participation of the students and staff.

A REPORT ON COMMERCE OUTREACH PROGRAMME

2017-18

The Department of Commerce, Bhavans Vivekananda College had conducted a Commerce Outreach Programme on 5th August, 2017 in the village of Gajwel in Telangana. The objective of the Programme was to create awareness among the students about the field of Commerce and various job opportunities available to the students.

A total of 100 students from G.D.R School had attended the Programme. The session commenced with an introduction of the students and the Teaching Volunteer. The students were asked about the various career opportunities they were aware of. It was observed that the knowledge of Commerce among them was comparatively low. In the next part of the session, the students were briefed about Commerce, Trade and Industry. They were informed about the roles and responsibilities of Bankers, Accountants, Entrepreneurs etc. and their prerequisites in the present dynamic world.

The session was concluded with a feedback session where the students asked various informative questions.

D.O.F.No.1-1/2017(Secy)

18th August, 2017

Dear Sir/Madam,

The Ministry of Human Resource Development, vide its letter No.11014/02/2016-CDN(Pt.1) dated August 17, 2017 has sent a call for participation from all Colleges/Universities/Institutions in '**SWACHHTA PAKHWADA (1st to 15th September, 2017)**' for spreading the message of cleanliness not only among the students but also in the surrounding areas.

In this regard, a **day-wise action plan for Swachhta Pakhwada is enclosed**. It is requested to constitute a Committee of teachers and students for organizing these events and for ensuring highest participation from the student community. A documentation of the activities may be maintained at the institutional level, which may be placed on the Facebook and publicized through Twitter.

The Government has also announced a nationwide essay competition on "**What I can do for a Clean India**" and also a **short films competition**. The last date for entries for these competitions is **8th September, 2017**. The winning entries from the institute level essay competition and members of the film clubs may be asked to participate in the competitions proposed by the Ministry of Drinking Water and Sanitation.

Accordingly, keeping in view the importance of the issue and in order to make the Swachhta Pakhwada a success, I request you to undertake the above activities in your esteemed University and also ensure the participation of your affiliated colleges in '**SWACHHTA PAKHWADA from 1st to 15th September, 2017**' to spread awareness of and evoke sensitivity to virtues of sanitation and cleanliness and help the Government in successfully achieving the initiative of Swachh Bharat Abhiyaan.

This may please be treated as urgent.

With kind regards,

Yours sincerely,

(P. K. Thakur)

Department of Microbiology

Outreach Program 2017

An outreach program "Cancer Awareness" was organized by department of Microbiology on 26th July 2017. It was conducted to create awareness on different types of cancer for school students of Zilla parishad boys High School, Malkajgiri. Students of MSc. Microbiology gave PowerPoint presentations on different aspects of prevention of cancer and identification of symptoms for early detection. There was an enthusiastic response from school students as they felt that the information was very useful in understanding the concept of cancer .

Report on Outreach programme 2017-18

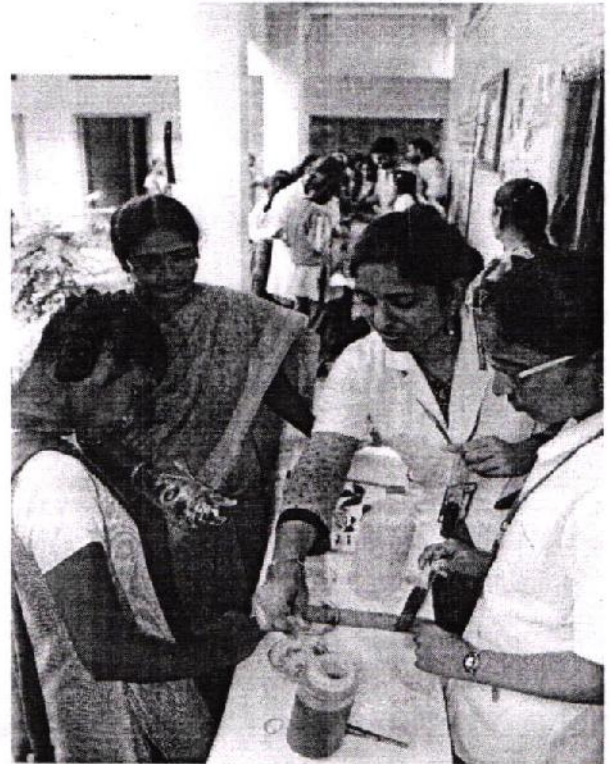

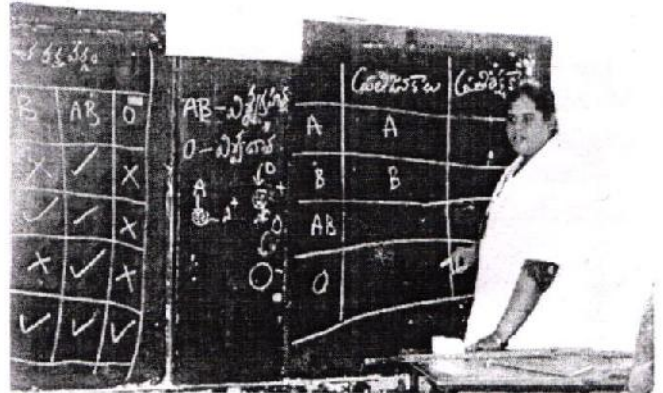

The department of Biochemistry has organised an outreach programme at Zilla Parishad High School for girls, Alwal on 28th and 29th of June, 2017. The purpose of the programme was to encourage the young minds to develop interest towards life sciences and consider it as a future career option.

The graduate and postgraduate students of Biochemistry participated with enthusiasm. They displayed models and charts related to biological science. Many science experiments like osmosis, photosynthesis, vitamin C activity, dialysis, fermentation and lung capacity determination were demonstrated to students.

Blood group determination was done for 87 students and Body Mass Index (BMI) was calculated for 218 students. This programme received good appreciation from the students and staff of the school.

Outreach Program 2017-18:

As a part of department activities, Department of Computer Science organized a 5 day Outreach program on "FUNDAMENTALS OF COMPUTERS" from 19-6-2017 to 24-6-2017 at Government School (Boys and Girls)-Tirumalagiri and Z.P.H. School- Kapra, for 8th & 9th class students.

Following faculty members of our department along with B.C.A final year students conducted theory and practical Classes at their school using Projector rooms and computer labs.

- Mrs. Jaya Lakshmi
- Mrs. K. Padma Priya
- Mrs. B.Divya Rekha

The BCA student were exposed to real world teaching applications and achieved wonderful experience teaching to school students. Students gave very positive feedback. Also expressed their opinion of conduction such classes regularly and teach many more useful applications for them in future.

Following BCA Student volunteers took classes and conducted practical at school computer lab.

School:ZPHS Tirumalgherry	Boys	School:ZPHS Girls	School:ZPHS,Kapra	School:ZPHS,Nagaram
Ruchika Murthy		Priya Shinde	S.Krishna Priyanka	T.T.V.Vamsi Krishna
Kanchan		Shalini Yadav	Surbhi Kasal	N.Naveen
Reena		Madhavi	V.Shruthi	P.Rajesh
Priyanka Pawar		Rajesh Singh		
		Krishna Murthy		

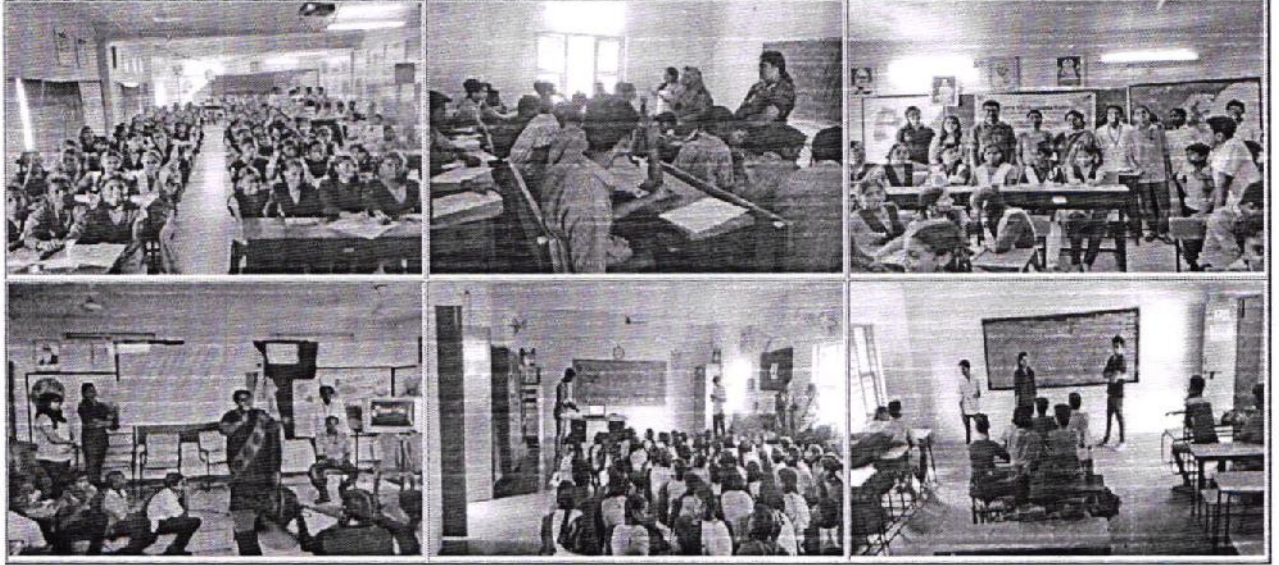

The course covers the topics :

- Computer Fundamentals
- Ms-Word
- Ms-Powerpoint
