The Faculty in-charge
PHYSICAL SCIENCES
BHAVANS VIVEKANANDA COLLEGE
SAINIKPURI

Respected Sir,

The students of Life Sciences will be writing their post graduate entrance exam for NCBS, Indian Academy of Sciences and IIT for chemistry in Feb-March, 2017.

The help from the department of physics and mathematics has helped Ms.D.Sangeetha from MiGC to get a seat In IISc., Bangalore, in the stream of integrated Ph.D, where only 15 students from all over India are selected.

Hence I request you once again to help the students as they have very little knowledge of mathematics and physics, which constitutes 20% of their entrance paper. In this regard I wish to request you to depute -one lecturer in physics and one in mathematics as convenient to them to help our students in basic mathematics and physics.

Your kind gesture and help will be of immense need to our students. Thanking you,

Yours sincerely

Dr.Madhumita Bhattacharjee Faculty incharge, Life Sciences

Department of Microbiology, Bhavan's Vivekananda College, Sainikpuri, Secunderabad

Osmania University M.Sc Entrance model Exam 2016
