

Report on Guest lecture on  
“Digital Disruption – Future of Consulting”

Resource Person : Mr S Raghavan, Associate Partner, EY

Date: 29<sup>th</sup> November, 2018

For all Undergraduate final year students.

In the session the speaker has highlighted on how technology and digital transformation continue to be central to the futuristic design and vision for finance. Across industries and sectors, technologies such as advanced data analytics, robotics, blockchain and Artificial Intelligence (AI) are creating new opportunities and driving finance transformation. Organizations need to be disruptive and innovative while thinking about leveraging technology for finance. When organizations trust their finance data and are able to generate multifaceted KPIs, they have the potential to transform their operations and unlock value more widely.

Circular to all the UG students & PG students.
