

**Report on  
TECHNOVATION 2.0**

**Live demonstration cum competition of experiments in Physics and Electronics  
held on 29<sup>th</sup> February 2024.**

Bhavan's Vivekananda College and St. Ann's College for Women, Mehdipatnam had conducted TECHNOVATION 2.0 in collaboration with Indian Association of Physics Teachers RC- 22 as Cluster Colleges Collaboration. The TECHNOVATION Project Presentation Competition is a platform that celebrates the innovative spirit and technological competency of young minds. It provides students with an opportunity to showcase their talents, problem-solving skills, and creativity in developing live models and projects in Physics & Electronics.

The competition was open to students from various UG & PG colleges under Osmania University, encouraging them to form teams and work on projects that utilize technology to address societal issues. Participants were required to develop mobile applications, websites, IoT solutions that could make a positive impact in areas such as education, healthcare, environment, and social welfare.

The TECHNOVATION Project Presentation Competition showcased the remarkable talents and dedication of students of Bhavan's Vivekananda College in using technology for social good. Ten students of BSc Physical Sciences from Bhavan's Vivekananda College had participated in the competition and the projects demonstrated by the students not only impressed the judges but also highlighted the potential of youth-led innovation in creating positive change. G. Shruthi & O. Akhil from Bhavan's Vivekananda College have won 1<sup>st</sup> Prize in the competition.

1<sup>st</sup> Prize winners from Bhavan's College with Chief Guest Retd. Prof. Venugopal Reddy,  
Dept. of Physics, Osmania University & organizing committee members of  
St. Anns College for Women Mehdipatnam.
