

Report on Health Camp

In association with Healmax Diagnostics, Pvt Ltd, Hyderabad

31st July & 1st August -2026

A Health camp was conducted by the Department of Biochemistry & Nutrition on 31st July and 1st of August 2026 for the teaching, nonteaching staff and students at Bhavan's Vivekananda College. The camp was organized in association with Healmax Diagnostics Pvt.Ltd. Hyd. The health camp offered various comprehensive Health screening packages that included Complete Health Checkup Panel, Master Health Checkup Panel, PCOD screening, Vitamin deficiency profile and Diabetic screening profile. These packages included essential diagnostic investigations to assess the overall health status of the participants. The health checkup panel included various blood parameters like glucose, lipid profile, liver profile, kidney profile, complete blood count, thyroid profile, vitamin D and vitamin B12. In addition to these, individual diagnostic tests like Blood Hemoglobin and serum insulin were also conducted for the participants.

A total of 81 members including Teaching & Nonteaching staff and students got their tests done for various parameters. 38 participants got their Master Health checkup, 3 participants underwent Complete Health Checkup, 9 of them got their Vitamin deficiency profile, 29 members availed haemoglobin and thyroid profile, and 2 members underwent Fasting Blood sugar.

The Principal, faculty members and students got their blood parameters analysed as part of the camp. The student volunteers of B. Sc II year BINDC also actively volunteered in organizing the event. They assisted in participant registration and guided staff and students in smooth conduct of the camp. The health camp was highly successful in creating awareness about the importance of regular health check-ups and maintaining healthy lifestyle.
