GUIDING STUDENTS TO THE RIGHT PATH

A group of students from the city's premier educational institutions are working together to help students choose the right career path. The group, known as the 'Right Path' group, is a student-led initiative that aims to provide guidance and support to students in their career choices. The group has been successful in organizing various workshops and seminars for students, and has received positive feedback from both students and faculty members. The group's efforts have helped many students to make informed decisions about their future careers, and has also helped to build a strong sense of community among students from different institutions.

For the students, by the students

Two recent graduates of Bharati Vidyapeeth College, Manvi Kansal and Anshu Sharma, have joined hands to form a student community to help students choose the right career path. The main aim of this community is to provide guidance and support to students in their career choices. The group has been successful in organizing various workshops and seminars for students, and has received positive feedback from both students and faculty members. The group's efforts have helped many students to make informed decisions about their future careers, and has also helped to build a strong sense of community among students from different institutions.

Team Out of the Box with students

Manvi Kansal and Anshu Sharma are the founders of the 'Right Path' group. They are both graduates of Bharati Vidyapeeth College and have a strong passion for helping students choose the right career path. They have organized several workshops and seminars for students, and have received positive feedback from both students and faculty members. The group's efforts have helped many students to make informed decisions about their future careers, and has also helped to build a strong sense of community among students from different institutions.

DHAN Foundation

Building Institutions for Generations

Ref. No./CO/SBI-Youth Fellowship/ 17-18
No.1094/008

August 16, 2017

Dear Sri Akhila Nookala,

Greetings! As part of SBI Youth for India Fellowship we are happy to welcome you to DHAN Foundation to enjoy a life with poor communities. At the outset, we convey our sincere appreciations to you for showing interest to stay at grassroots for a year. Obviously, this short stay would give you a wider exposure to the field realities besides expanding your perspectives on development.

Innovation is cherished as one of the core values of DHAN, which creates platform for the institution to advance further time to time. You, as a new generation youth would bring new ideas to add 'value' to the development interventions which are in action.

DHAN Foundation strongly believes in generating alternative solutions to address contemporary social issues with the active participation of the community. Community is known for their wisdom. Your close association with your communities would help you to understand and appreciate their noble lifestyles. You have a greater opportunity to work jointly with community in designing and executing your project areas. Hope, you would get inspired by their unblemished care and hospitality during your stay in villages.

Our senior colleagues would work closely with you as 'Domain Mentors' to help you get familiarized with the project context and also to shape your learning processes. You would be intensely working on the assigned project in an action research mode with the active participation from the local team and community. Besides this, we also invite you to join our institutional events and celebrations to get connected with our colleagues.

We hope this engagement is going to be a memorable occasion in your life.

Best wishes,

M.P. Vasudha
