Let noble thoughts come to us from every direction

Rigveda 1-89-(1)

ऋग्वेद 1-89-(i)

Bhavan's Vivekananda College of Science, Humanities and Commerce, Sainikpuri, was founded in August 1993 under the aegis of Bharatiya Vidya Bhavan, Mumbai. Since inception, the college has been strongly promoting the ideals of the Bhavan, by providing education blended with a strong foundation of the fundamental values of life.

BVC, today, is one of the premier institutions in the twin cities. It has achieved an Autonomous status, with the first autonomous batch passing out in 2018, its Silver Jubilee year. The College takes pride in its sprawling, vibrant green campus that supports a rich ecosystem, highly qualified faculty, and fine infrastructure and amenities. BVC is dedicated to providing quality education and holistic development to its students. It offers its students ample opportunities and guidance in academics, co-curricular and extra-curricular activities, sports and also research, with a vision to promote "Youth empowerment with culture, knowledge and strength of body and mind."

have made us; so take care about
what you think. Words are secondary.
Thoughts live; they travel far*

Bhavan's Faith

Let me once more set forth the Bhavan's Faith for the benefit of new students and members, for it is necessary that they should understand it clearly and imbibe its spirit.

The Bhavan stands for the reintegration of Indian Culture.

In a world falling to pieces under the impact of an amoral technological avalanche, it tries to hold fast to the fundamental values for which our culture stands-Rita, Satya, Yagna and Tapas.

- FAITH in God, who forms the Cosmic Order
- TRUTH which is accord between mind, word and deed
- DEDICATION which offers all movements of life as an offering to God
- SUBLIMATION which purifies the body and mind, transmutes instincts, passions and emotions into things of beauty.

This regardless of forms and doctrines is Dharma, the three-fold aspects of which are SATYAM, SHIVAM, SUNDARAM-Truth, Love and Beauty. For these values our forefathers lived and died. So did Sri Ramakrishna Paramahansa, Swami Dayananda, Gandhiji and Sri Aurobindo, among the moderns. These values are embedded in our national outlook. We can look forward to the future with confidence only because they have the vitality which gives the power to indicate their validity even in this fear and avarice-ridden age of ours.

We, the Bhavan's family, whether it is the smaller or the larger one, must make every effort in restoring an awareness of these values in personal and collective life.

Vision

Youth empowerment with Culture, Knowledge and Strength of body and mind
