

## Activities 2020-21

Greetings to all the first year's! So here comes the very first event of our very own PSCIFE. This is exclusively for all the physical science students. So we're organizing a formal virtual event which is a QUIZ. This includes Mathematics, electronics, physics, statistics and computer science. It will consist of 20 simple questions. Link will be provided in your whatsapp groups. Please do participate in huge numbers and make this virtual event a grand success. Also, the students scoring 75% or above will be provided with an E-Certificate .

**EVENT NAME:** The BackBencher's Quiz

**EVENT DAY:** Saturday

**TIME:** 3:00 pm

**DURATION:** 20 minutes.

**ORGANIZER:** PSCIFE.

Around 30 students participated in this Quiz and there were 5 chosen winners.

The winners were Bhavana Reddy, B. Manisha, Farhana Shaik, Nandita Chavali, Maduri Rohit. The event was a grand success.

## REPORT:

### EVENT: THE BACKBENCHERS QUIZ

**DATE: 23/01/2021**

“THE BACKBENCHERS QUIZ” is the first event of the academic year 2020-21. This event is a welcome event and an exclusive event only for freshers from BSc Physical Sciences Stream. The Virtual QUIZ event consists of a bit of formalism with a touch of the subjects related to Maths, Computer Science, Physics, Electronics, and Statistics. In this Quiz, participants will be shown some questions from which they have to answer the word immediately. The Quiz consists of 30 questions from different topics. As the level in the QUIZ increased the harder it is to answer the words. They had to think and answer within the given time limit. The main idea behind this quiz was to increase the students' thinking skills related to science subjects. Thirty-five students have participated in the event, which is conducted Online Platform.
