

# ACTIVITIES 2023-24

## PSCIFE Club

**Event Name:** Un Poco Logo - Logo-Making Competition

**Event Date:** January 21, 2023

On January 21, 2023, at 2:00 PM, the Physical Sciences Club for Information, Fun, and Education (PSCIFE) organized "Un Poco Logo," an exciting logo-making competition that stirred the creative spirits of our students.

Participants were tasked with a unique challenge: designing a logo and tagline for a company based on a provided description. They had the option to compete individually or team up with a partner.

The event's judging panel consisted of two distinguished faculty members: Ms. Lavanya from the Department of Physics and Electronics and Ms. Chandana Ma'am from the Department of Mathematics and Statistics. Their expertise ensured a fair and insightful evaluation of the logo designs.

Dr. Selvakumar, the Faculty Coordinator played pivotal role in mentoring the participants and ensuring the event's smooth execution. Their guidance and support contributed significantly to the overall success of "Un Poco Logo."

In summary, "Un Poco Logo" was a creative and competitive endeavor that brought together students eager to demonstrate their artistic talents. The event not only showcased the participants' creativity but also fostered a sense of artistic camaraderie within the college community. It was a testament to the vibrant and artistic spirit of our student body.

**Event Name:** Stats Wars Event

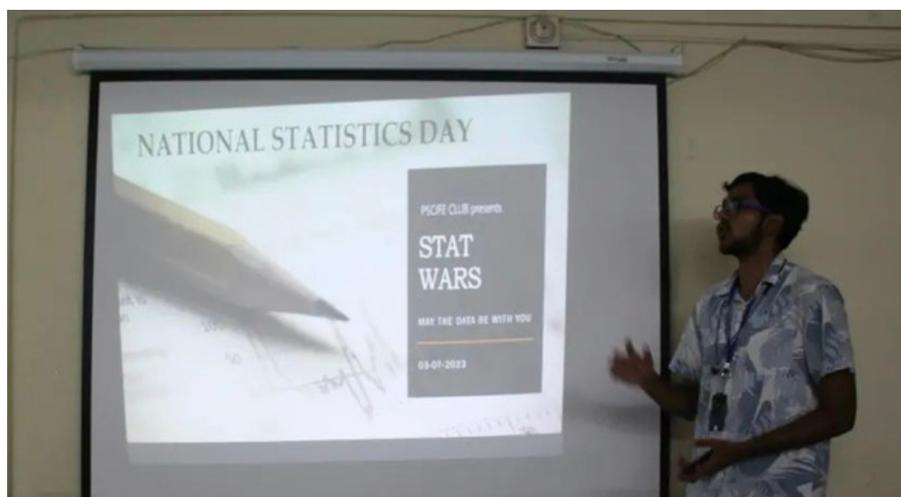

**Event Date:** July 3, 2023

**Event Summary:**

In commemoration of "National Statistics Day" and to honor the birth anniversary of Prasanta Chandra Mahalanobis, the renowned father of Indian Statistics, the Physical Sciences Club for Information, Fun, and Education (PSCIFE) organized an event titled "Stats Wars" on July 3, 2023.

A total of 30 students, primarily majoring in Statistics from various academic levels, including enthusiastic freshmen, actively participated in this event.

### **Students actively brainstorming answers**

In the end, Team-8, comprising first-year HDS students, emerged as the victorious champions, while Team-5 secured the runner-up position. The event witnessed an extraordinary level of enthusiasm and dedication from both the participants and the club's management.

Overall, "Stats Wars" was a resounding success, underscoring the importance and relevance of Statistics in our academic community. Participants left with a newfound appreciation for the subject, ensuring that the legacy of Prasanta Chandra Mahalanobis and National Statistics Day lived on.

**Event Name:** Bibliophile Gathering

**Event Date:** August 12, 2023

**Event Summary:**

On the vibrant afternoon of August 12, 2023, from 2:30 to 3:34, bibliophiles from various academic streams congregated in Room 208 of the MBA Block for an event that celebrated the sheer love for literature.

Diverse streams of students, including BT.MI.C-2, HDS1, and 1-HBA, came together, united by their shared interest in the written word. The event focused on a wide range of genres, including crime, thrillers, and self-help, showcasing the eclectic tastes of our participants.

While some students brought their cherished physical copies, others delved into digital realms, reading PDFs shared by the organizing committee. It's worth noting that this event is planned to be a recurring feature on alternate Saturdays, promising a regular dose of literary indulgence.

In summary, the Bibliophile Gathering witnessed a remarkable turnout, with participants displaying unwavering enthusiasm for the world of books. This event not only celebrated the joy of reading but also strengthened the bonds within our academic community, making it a resounding success.

**Event Name:** Road Map To Data Science And Business Analytics (Alumni Talk by Yash Gupta)

**Event Date:** August 19, 2023

**Event Summary:**

**Faculty Coordinator Dr. V. Selva Kumar welcoming Yash Gupta with a bouquet**

Yash Gupta, an esteemed alumnus of our college who graduated in 2021 and secured a coveted position at EY as an Internal Auditor, graced the event as the guest speaker. The event was moderated by Aditya Chowdary, who posed a series of insightful questions to Yash Gupta, delving into his career trajectory, life experiences, and his time at college.

Yash Gupta's journey into the world of Data Science began in 2020 when he embarked on an MS Excel course on Udemy. Notably, he took a career break from December 2021 to March 2022. His remarkable journey took an exciting turn when Lognormal Analytics approached him, and he joined their team a year ago. Yash Gupta's dedication and passion for Data Science shone brightly throughout his presentation.

Yash Gupta's journey from our college to a successful career in Data Science left a profound impact on the audience, inspiring them to explore this dynamic field with renewed enthusiasm.

**Event Name:** Screening of Aditya L1 launch

**Event Date:** September 2nd, 2023

**Event Summary:**

With all the proud, we the PSCIFE club of BVC projected the live streaming of Aditya L1: A coronagraphy aircraft. Students from various streams came to witness this amazing live stream.

It was 11:48 where the countdown started and we were to fasten our seat belts to embark on a journey to explore the brightest star THE SUN. At 11:50 the spacecraft was all set to launch from the launch site SRIKARIKOTA, ANDHRA PRADESH. The hall was filled with great enthusiasm, energy and passion while the space craft launched.

In summary all the students who attended the event were proud of the ISRO launch and all were ready to be updated regarding the spacecraft and learn more about the sun. This event will be marked as the most energetic and enthusiastic one.
