

Activities 2021-22

World Diabetes Day-2021

The world Diabetes Day is celebrated on 14th November of each year. Established in 1991 by the International Diabetes Federation with support from WHO in response to growing concerns about the health and economic threat posed by diabetes. World Diabetes Day became an official UN day in 2006. “Access to Diabetes Care” is the theme for *World Diabetes Day 2021*. To mark this occasion, the Department of Biochemistry, Bhavan’s Vivekananda College of Science, Humanities and Commerce under the DBT -Star college scheme and Science club Activity has organized activities on 15th November, that included,

- Awareness Rally by the students and staff.
- e-Lecture on “Diabetes-Prevention and management”: 2.30-3.30pm Dr. K. Srinivas Rao, Diabetologist.
- Students’ e-Poster presentation on “Know About Diabetes”: 3.30-4.30pm.

There was a huge participation of nearly 200 students and faculty which included NCC, NSS wings and others. The rally started from the college premises at 1.30 pm to Neredmet cross roads and back to college to bring awareness about Diabetes in the community around. An e-lecture on “Diabetes- Prevention and Management” was delivered by Dr.K.Srinivas Rao, Diabetologist. The lecture was well received by the audience.

The program ended with e-poster presentation on “Know about Diabetes”. Total 29 posters from students of undergraduate and post graduate programs participated in the competition. The program was a grand success with good awareness programs.

International Microorganisms Day

17th September 2021

Report

Department of Microbiology as part of Science Club celebrated the “International Microorganisms Day”. The event was inaugurated by Prof. Ch. Venkat Ramana, President -AMI Hyderabad Unit, Dept. Plant Sciences, Hyderabad Central University. The program commemorated the contributions of Father of Microbiology- Anton Van Leeuwenhoek.

As part of the program events were organized at intercollegiate level. An online quiz program on the microorganisms and their uses was organized which was participated by 100 students from various colleges. A “Just a minute” online video contest was organized with a theme –“My Favorite Microbe”. Very enthusiastic response was there for all the events. During the inauguration all the faculty and the dignitaries in the program also shared their views on the “favorite microbe” and interesting facts about microbes was highlighted.
