Proposal for the commencement of new course titled B.Com Business Analytics
From the Academic Year 2019-20

1. **Profile of the Department:**

Growth

Department of Commerce commenced in the year 1993 with one section of B.Com Regular course consisting of 43 students. In a span of twenty five years, the department has expanded into three sections of B.Com Regular, 2 sections of B.Com Computer and two sections of B.Com Honours with a strength of around 1215 students constituting 45% of the total UG strength of the college.

Results

The results of the department have been consistent at around 90% and the department is privileged to have students who have procured three gold medals and five top ranks in Osmania University.

Placements

45% of the total students placed in the college are from commerce stream in companies like EY, Deloitte, KPMG, State Street, Factset, Franklyn Templeton, Uber and Amazon.

The department is venerated to have Prof.Y.Ashok as a senate member, faculty of commerce of Osmania University. The department consists of twenty seven members out of whom five members are doctorates, nine members are pursuing PhD, nine members have completed M.phil, sixteen members are NET or SET qualified. Majority of the faculty in the department are having an experience of above fifteen years.

2. **Need for new course: B.Com Business Analytics**

Business is a part of Commerce and an enterprise will be successful only when it is able to achieve its mission. Any business organisation would prioritise offering valuable products and services to its customers and for this purpose, they need to be innovative. Business Analytics is the study of data through statistical and operational

analysis which would help the enterprise to make smart decisions by providing clearer insights through data visualisation. In the present day, businesses are dependent on critical and analytical thinking in order to be updated and efficient to stay ahead of its competitors. Business decisions are made by analysing the facts and figures related to production, finance and marketing for the purpose of forecasting. Keeping in view, the demand for analytics in business, this course would give the students an edge over others as they will acquire the basic analytical skills.

The department is plausible and has the zeal to successfully conduct the new course in analytics. This course will be a pioneer at UG levels in B.Com by virtue of the fact that business analytics is mostly offered as a course at PG level in management colleges and Universities.

3. Objective of the course

With a growing desire to become data-driven, organizations need clarity in how to embrace digital transformation. Even outside of the traditional IT roles, data has become a core component of every facet of the organization. In order to maintain relevance and unlock opportunities it is important for all financial professionals to up skill with regards to Data Analysis. Analytical modelling, forecasting, and visualization. Use case, scenarios, and detailed step-by-step demonstrations will assist students developing their ability to leverage these and other analysis techniques.

Most exciting is the fact that data analysis is something you can leverage and use in your own organization. Adopters can gain significant competitive advantage. In a world where digital transformation is the common goal, data analysis is a core enabler.

4. Outcomes

The students acquire live Projects and software expertise on Basics of Probability and Statistics, Analytics Tools Expertise on Excel, Power BI/Tableau , R Studio, Python, Business Simulation , Business Intelligence and Data Visualisation.

5. Program Duration

The course duration is for 3 years (6 Semesters) each semester has a compulsory paper on Business Analytics.

6. **Eligibility**

The eligibility criteria for this course is students with IPE/10+2 with Mathematics as a compulsory paper. The students will be admitted after clearing the entrance examination conducted by Department of Commerce, BVC.

7. **Syllabus**

Syllabus is drafted based on the approved syllabus of Department of Commerce Osmania University after taking into consideration the inputs given by industry experts from Deloitte, EY, Cognizant.

8. **Course Requirements**

The department will be able to conduct the first year of the course with the existing staff and the infrastructure. The syllabus of second and final years of this course demands trained faculty in the field of data analysis and the faculty should be able to use statistical softwares like 'R' programming, Python etc for subjects like business simulation and business forecasting. The department can have a tie up with organisations for outsourcing of faculty or can send their faculty to get trained.

There will be a requirement for additional computers installed with the required software and antivirus.

Theatre owners' plea referred to CP

Sagar Kumar Mudra@timesgroup.com

Hyderabad: The Telangana high court has directed the Hyderabad police commissioner Anjani Kumar to take a decision on or before May 16 over the appeals made by several theatre and multiplex owners seeking permission to increase cinema ticket rates. Acting Chief Justice Raghavendra Singh Chauhan passed the order while hearing a batch of petitions filed by scores of theatre owners in Hyderabad who complained about the alleged inaction on the part of the police commissioner who is the competent authority for revising the ticket rates.

Citing the release of Telugu movie 'Maharshi', the cine exhibitors filed fresh applications before the police commissioner renewing their request to increase the ticket prices. Their advocates M Rajeswari and K Durga Prasad told the court that despite their representations, the CP did not respond. In fact the CP, being a licensing authority, is under an obligation to revise the rates, they said.

Meanwhile, the movie they cited was already released on May 9.

Home department counsel T Srikanth Reddy said a decision would be taken on the pleas of the theatres within a short time. Justice Chauhan directed the police commissioner to take a decision on the pleas of the theatres by May 16 and closed the petition.

Godown, eatery sealed

Secunderabad: Officials of Secunderabad Cantonment Board's sanitation wing sealed a godown in Bowenpally and an eatery at Tadbund Crossroads on Friday.

At the godown in Akashnagar, electrical material was stored illegally without permission from authorities. "We conducted a raid on the godown and sealed it," Devender said.

Officials sealed the eatery 'permanently' as it did not possess a trade licence.

"It was doing business illegally. We conducted a search on the eatery and closed it," he added. TNN
