Bhavya- the women cell has conducted an online awareness program, where Ms. Komal Bhukya, an ex- student of Bhavan's vivekananda college, currently pursuing data science spoke about Menstrual hygiene. She carries an interest in women's health, psychology in human behavior and subjecting gender. The event went very interactive and was very useful to all the female students. Komal started the session not only by sharing her personal experience but also mentioned various menstrual hygiene practices. She also instructed quite a few pros and cons that are to be followed for a healthy and able- bodied.
